PROMOTER

HUB24 is the promoter of the Fund and provides a range of fund services. These include administration of investments, investment management, client services and custody services. As promoter, HUB24 has in place an agreement with ClearView Financial Management

Limited (ABN 99 067 544 549) ('CFML') to promote the product. CFML receives remuneration from HUB24 which is paid from HUB24's own resources.

The distributors of WealthSolutions2 Super are Australian Financial Services License (AFSL) holders who are approved by the Administrator to distribute the product (each a 'Licensee'). CFML may be a related entity of the Licensee and may also be a related entity of your adviser. CFML is not the issuer of the PDS. WealthSolutions2 Super is only available to clients of approved Licensees and their authorised advisers (each an adviser) unless otherwise approved by the Administrator.

HUB24 may sub-contract the performance of some or all of its functions to other professional service providers.

The Trustee may also use other service providers in the management and operation of the Fund.

Given the range and nature of the investment and insurance options available, you must have a relationship with an authorised financial adviser ('adviser') and their licensee in order to join this product, unless otherwise approved by the Trustee (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' for more information).

You can find out more information about the Fund by contacting your appointed adviser or the Administrator.

TRUSTEE AND FUND INFORMATION

The Trustee is required to disclose certain information and documentation in relation to itself and the Fund on a website. This information and documentation is available from the following website:

hub24.com.au/product-documents and includes, but is not limited to, the Trust Deed, the PDS, the most recent Annual Report and the names of each material outsourced provider to the Fund.

ELIGIBILITY

This PDS does not constitute an offer or invitation in any place where, or to any person to whom it would not be lawful to make such an offer or invitation. This offer is only open to persons receiving this PDS as a hard copy or electronically within Australia.

IMPORTANT INFORMATION

The PDS comprises two parts and is a summary of important information relating to the Fund to assist you in deciding whether this product is suitable for your needs. It will also help you compare this product with others you may be considering.

This document is Part I of the PDS. The other document that makes up the PDS is Part II of the PDS for ClearView WealthSolutions2 Super and Retirement. Part II of the PDS contains information about the fees and costs of the product.

The PDS also includes references to important information contained in the following documents, which form part of this PDS:

- Additional Information Booklet (AIB)
- Insurance Guide
- Investment Booklet for the Choice Menu, and
- List of individual insurance policies available.

These documents are available free of charge by contacting your adviser or the Administrator or through the product website. You should carefully read and consider the PDS (including incorporated information) before making a decision to apply for this product.

The information contained in the PDS is general information only and does not take into account your personal objectives, financial situation, needs or circumstances. Before acting on this information, you should consider its appropriateness, having regard to your personal objectives, financial situation, needs and circumstances. Before you make any decision about whether to acquire or continue to hold the product or an investment available in the product, you should consider the PDS and obtain professional financial advice tailored to your personal circumstances from your adviser.

The Trustee and Administrator are not authorised to provide personal financial product advice and you should consult an adviser before investing through the Fund.

TARGET MARKET DETERMINATION

A target market determination ('TMD') has been issued by us which considers the design of this product, including its key attributes, and describes the class of consumers that comprises the target market for this product. A copy of the TMD for this product can be obtained from your financial adviser or is available on the product website

at hub24.com.au/product-documents/hub24-super-documents/.

UPDATED INFORMATION

The information in this PDS is up to date at the date of publication. However, we may make changes from time to time in response to regulatory requirements or changes, to reflect changes to the Fund or its products (including changes in the way accounts are administered), to ensure that the information included in this PDS remains accurate and up to date.

If a change occurs to information in this PDS that is not materially adverse, we may update this PDS by publishing the updated information on the product website shown on the front cover of this document. Otherwise, we will issue a supplementary PDS or revised PDS (or revised part of this PDS). You can obtain a paper or electronic copy of any updated information or any supplementary or revised PDS (or part of this PDS), free of charge on request, by asking your adviser, by contacting the Administrator or by visiting the product website shown on the front cover. You should regularly check the product website to ensure that you have the most up to date information.

We will provide members with notice of any material change to a matter or of any significant event that affects a matter, being a matter that would have been required to be specified in a PDS for this product prepared on the day before the change or event occurs. We will provide members with at least 30 days' advance notice of any increase in fees as required by law. For any other materially adverse changes, advance notice will also be provided to members at least 30 days in advance, where practicable, otherwise advance notice of materially adverse changes will be provided as permitted by law.

You can obtain a paper or electronic copy of any updated information or any supplementary or revised PDS (or part of this PDS), free of charge on request, by asking your adviser, by contacting the Administrator or by visiting the product website shown on the front cover. You should regularly check the product website to ensure that you have the most up to date information.

NO GUARANTEE

None of the Trustee, any of its related entities or their respective employees, or any other entity associated with the investment management, administration, custody or promotion of the Fund or its products (including the Administrator), guarantee the capital invested by you, the performance of the specific investment or insurance options available, or your benefits generally.

The Trustee and the promoter of the Fund and any other service provider (including the Administrator) associated with this product do not guarantee or underwrite this product.

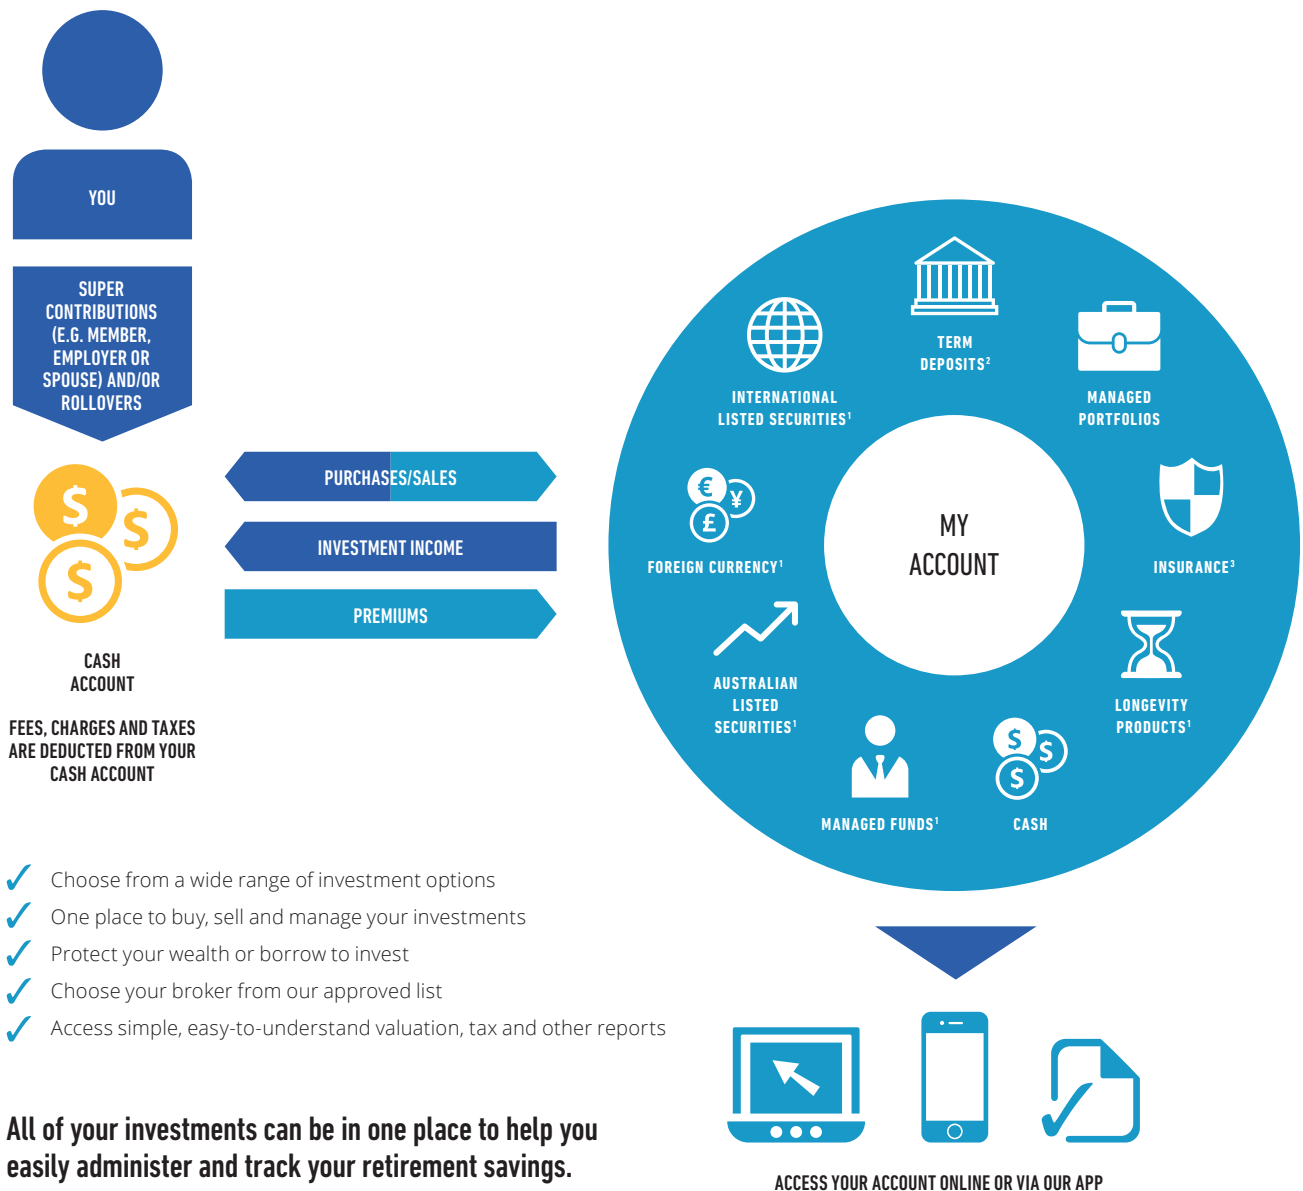

1. ABOUT WealthSolutions2 Super

This product is a superannuation (super) investment service that can help you build your super savings in a tax-effective way. WealthSolutions2 Super offers different investment options (referred to as the Choice Menu) for you to invest in, to build your preferred investment. For more information about the range of investment options available to you refer to Section 3 'Benefits of investing with WealthSolutions2 Super' in this PDS. Insurance options are also available to you, to build your preferred insurance strategy. For more information, refer to Section 7 'Insurance in your super' in this PDS.

You can:

- accumulate and grow your super through a personal super account (as illustrated below) and/or
- draw a regular income stream through an account-based pension or transition to retirement pension.

Your adviser will provide you with the information and relevant disclosure documents you require in order for you to invest through the Fund. You can request a copy of the disclosure documents for any accessible financial product available through HUB24 Super free of charge through InvestorHUB, by asking your adviser or by contacting us on 1300 854 994.

³ Available for personal super accounts only.

2 HOW SUPER WORKS

Super can be a very effective way of saving for retirement (which is, in part, compulsory) due to the tax concessions and other incentives provided by the Government.

CONTRIBUTING TO SUPER

There are several types of contributions that can be made to super such as:

- Employer,
- Personal,
- Spouse, and
- Government co-contributions.

In most cases your employer is required to contribute to a super account for you. These contributions are known as Superannuation Guarantee ('SG') contributions. You can generally choose the super fund to which SG contributions are made. Your employer may be able to make additional employer contributions such as salary sacrifice contributions.

Depending on your annual income and the type of contributions you make to your account, you may be eligible to receive a Government co-contribution. You can also choose to transfer your super from another fund into your account in the Fund.

There are restrictions on when the Fund can accept super contributions for you. There may also be taxation consequences if contributions exceed the applicable contribution limits ('caps') set by the Government.

Note: Contribution caps and the taxation treatment of superannuation can change. Up to date information on tax in super is available at www.ato.gov.au/super.

ACCESSING YOUR SUPER

There are restrictions on when you can withdraw your super. Super is generally a long-term investment designed to provide income in retirement. In most cases, you can access your super as a lump sum or pension when you:

- retire, on or after reaching your preservation age (between 55 and 60, depending on your date of birth); or
- attain age 65.

You can usually begin a transition to retirement pension when you reach your preservation age.

You may also be able to access your super in other circumstances as permitted by law called 'conditions of release', for example: compassionate grounds, severe financial hardship and permanent incapacity.

In certain circumstances the Trustee must transfer super benefits to the Australian Taxation Office (ATO) (e.g. some lost accounts, inactive low-balance accounts, unclaimed benefits on or after age 65 and unclaimed benefits of former temporary residents).

General information about super is available from www.moneysmart.gov.au

 For more information on contributing to super and accessing your super refer to 'How super works' in the AIB. A copy of the AIB for this product is available on our website at hub24.com.au/product-documents/hub24-super-documents/

3. BENEFITS OF INVESTING WITH WealthSolutions2 Super

You and your adviser can tailor an investment and insurance solution to suit your circumstances and retirement goals while taking advantage of the product's flexibility as your needs change. The role of your adviser is explained in the AIB.

FLEXIBLE ACCOUNT FEATURES

Choose a personal super, account-based pension or transition to retirement pension account to suit your individual circumstances and life stage. In addition, you can:

- consolidate your super by rolling money from other super accounts to your personal super account,
- split contributions to your personal super account with your spouse,
- make beneficiary nominations using a lapsing binding, non-lapsing binding, non-binding or reversionary beneficiary nomination (available for Pension accounts only) providing greater estate planning certainty,
- make regular contributions from your bank account to your personal super account through a regular savings plan,
- link your cash account in the product to a nominated bank account for easy transfer of funds into or out of your cash account (subject to the relevant contribution or withdrawal restrictions under superannuation law), however you may be required to verify the bank account details prior to making certain withdrawals.

INSURE YOUR LIFE

A comprehensive range of insurance options is available through the Fund to help protect you and your family's financial wellbeing.

You can either select your insurance cover under the Fund's group insurance policy or one of the individual policies as made available by the Trustee.

For more information, see Section 7 'Insurance in your super' in this PDS.

COMPETITIVE FEES

Depending on the investment options you choose, you may benefit from investment management fees that are generally lower than if you invested directly with the investment manager.

ACCESS TO YOUR ACCOUNT ANYTIME

You can track and manage your account online through a dedicated online facility known as InvestorHUB.

InvestorHUB allows you to track and manage your account online anytime, view all transactions, valuations and a variety of other reports. You can also view details of your account through a mobile app.

ACCESS A RANGE OF INVESTMENT OPTIONS ON THE CHOICE MENU

Choice Menu

Choose from an extensive range of investment options, which typically includes:

- Managed funds;
- Managed portfolios
- Australian and international listed securities;
- Foreign currency (available from a date yet to be determined);
- Term deposits;
- Cash;
- Longevity products; and
- Other investments made available from time to time by us for the Choice Menu.

Please refer to the Investment Booklet for the most up to date list of investment options available at that time.

The list of available investments for the Choice Menu is set out in the Investment Booklet. The Investment Booklet is reviewed regularly by the Trustee and may change from time to time (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' for more information). If a material change occurs, we will notify your adviser via AdviserHUB and will provide notice to you, via InvestorHUB where there is such a change and the change is materially adverse or is otherwise required by law to be notified to you. You can access the latest Investment Booklet from your adviser, the Administrator or from the product website.

AWARD-WINNING TECHNOLOGY

The Fund is underpinned by the Administrator's award-winning technology which has won the following awards:

- Best Platform Overall in the 2022 Platform Competitive Analysis and Benchmarking Report.

- Best in Online Business Management in the 2022 Platform Competitive Analysis and Benchmarking Report, and
- Best in Reporting in the Investment Trends 2022 Platform Competitive Analysis and Benchmarking Report ¹

Additionally, it has been awarded with the Best Platform Managed Accounts Functionality for 6 out of the past 7 years by Investment Trends.

Note: Awards and ratings are only one factor to consider when deciding how to invest your super.

The Administrator's state-of-the-art technology can be accessed 24/7 wherever you are via the product website or easy-to-use mobile apps. From one account, with just a few clicks, you and your adviser can:

- manage and switch your investments easily, including buying or selling managed portfolios, managed funds, listed securities and other assets, and
- set up regular savings and investment plans.

EFFICIENTLY MANAGE YOUR INVESTMENT STRATEGY

Keep your investments aligned to your investment strategy through the:

- Ad Hoc Investment Plan: invests ad hoc deposits made into your cash account in-line with your chosen investment strategy (personal super accounts only);
- Automatic Cash Top Up: manages your minimum cash account balance;
- Automatic Investment Drawdown: allows you to specify how investment drawdowns are to be made (e.g. to meet regular pension payments). Generally, the automatic investment drawdown occurs on or around the 3rd of the relevant month and involves selling or redeeming investments relating to your account. The Administrator may, at its discretion, offer additional frequencies for this automatic investment drawdown feature (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' in this PDS for more information).

The investment drawdown options you may select are to:

- sell proportionately across all investments within your account;
- select specific investments for sell down and proportionately sell across these only;
- select specific investments to sell down and select the percentage to sell down for each investment, or
- other options that we may make available from time to time.

If you do not make a selection then the default investment drawdown option is to sell proportionately across the following investments (where applicable to your account) and in the following order:

- Managed portfolios containing Australian listed securities
- Australian listed securities
- Managed funds (priced daily)
- Managed portfolios containing managed funds
- International listed securities
- Managed portfolios containing international listed securities
- Foreign currency
- Managed funds (non-daily priced).

Your investment drawdown selection (if any) will also be used to determine which investments are to be sold down to restore your minimum cash balance requirements.

- Automatic Investment Plan: periodically reinvest the excess cash in your cash account; and

¹ Investment Trends December 2022 Platform Competitive Analysis and Benchmarking Report, based on extensive analyst reviews of 9 platforms across 518 functional points.

- Investment Preferences: with your adviser, determine investment exclusions and minimum trade amounts for investments and/or rebalances.
- Regular Savings Plan: You can set up a regular savings plan with us that allows you to invest amounts starting at \$100 per month into your personal super account.

 For more information on the benefits of investing in this product refer to 'Benefits and features' in the AIB. A copy of the AIB for this product is available on the product website at hub24.com.au/product-documents/hub24-super-documents/

FEATURES AT A GLANCE

4 RISKS OF SUPER

All investments carry risk, meaning there is a possibility you can lose money or that your investment may not meet your objectives. Different investment strategies may carry different levels of risk, depending on the investments that make up the investment strategy. Investments with the highest long-term returns may also carry the highest level of short-term risk.

Some of the potential risks of investing in the Fund that you should consider and be aware of include:

- the value of your investment portfolio may vary over time;
- the level of returns will vary, and future returns may vary from past returns;
- returns are not guaranteed, and you may lose some or all of your money;
- you may not be able to withdraw your money at the time you want to, as the law restricts when you can withdraw your funds;
- your investment may be affected by changes in the economic and political environment and/or changes to legislation, particularly in relation to taxation and superannuation laws;
- if you leave the product, you may receive less than the amount you invested because of low or negative investment returns, fees, charges and the impact of taxes; and
- the amount of your future super savings (including contributions and returns) may not be enough to provide adequately for your retirement.

Other risks associated with investing through the Fund will depend on the particular investments you choose and may include (but not limited to) the following types of risk (depending on the underlying assets):

FUND RISK

- advice risk
- investment variance risk
- cyber risk
- operational risk
- external fraud (including identity theft)
- third party risk
- legal and regulatory risk
- portfolio risk

INVESTMENT RISK

- concentration risk
- interest rate risk
- country risk
- investment objective risk
- credit risk
- investment option risk

- derivatives and sophisticated investment risk
- liquidity risk
- diversification risk
- longevity risk
- foreign exchange risk
- manager risk
- inflation risk
- specific asset risk
- sector risk

All super products are generally subject to some or all of the risks highlighted above. It's not possible to identify every risk factor relevant to the product and these examples are not exhaustive.

The appropriate level of risk for you will vary depending on various factors including your age, investment timeframe, what other investments you hold, and your level of risk tolerance. You should consult with your adviser to ensure you understand the risks associated with the product, and how to manage these risks.

i You should consider the additional information about risks in the AIB, the Investment Booklets and the disclosure document for any managed portfolio or other financial product that you may be considering for any risks related to each specific investment or portfolio.

For more information on the 'Risks of super', refer to 'Risks of super' in the AIB. A copy of the AIB for this product is available on the product website at hub24.com.au/product-documents/hub24-super-documents/

5. HOW WE INVEST YOUR MONEY

A wide range of investment options gives you and your adviser flexibility when tailoring an investment strategy to help address your personal needs and long-term goals.

YOUR CASH ACCOUNT

When you join the product, we establish an account in your name and a cash account is opened for you. Your cash account represents the cash holding in your account and does not include any cash held via an underlying investment option. Your cash account is used to settle all transactions relating to the investments held within your account (except where international equities are transacted using your foreign currency holdings) and pay any fees or costs associated with these investments that are deductible from your cash account (as specified in Part II of the PDS).

You must hold a minimum cash balance of 1.25% of your total account balance in your cash account. You and your adviser are responsible for maintaining the minimum cash balance at all times.

The Trustee can change this minimum cash balance requirement at any time. If we change the minimum cash balance requirement, we will provide you and your adviser with notice of the change.

If the balance of your cash account is below the minimum level, we may sell investments in your account at any time to restore the cash position to the minimum requirement, without seeking additional instructions from you. A negative cash account balance may incur a negative cash account fee (which is applied as an interest charge). Please refer to Part II of the PDS and the AIB for more information about the consequences of maintaining a negative cash account balance.

Interest on your cash account is calculated daily and paid monthly on any positive balance in your cash account after deduction of the cash management fee from the interest received from the relevant Australian bank or other ADI in which such cash is deposited.

The Administrator sets the target interest rate which we aim to credit to your account. The target interest rate may vary from time to time and while we aim to pay the target interest rate, the amount of interest we actually pay is not guaranteed and is dependent upon what we receive from the relevant ADIs.

The latest available target interest rate can be found on InvestorHUB (for cash in Australian dollars), by contacting HUB24 on 1300 854 994 or by contacting your adviser. For information about how the cash management fee is calculated and how the target

interest rate is determined, please refer to the information in 'Cash management fee' in Part II of the PDS.

When you first open an account, you direct us to invest your money in your cash account until we receive investment instructions from your adviser. For more information, see Section 4 'How we invest your money' in the AIB.

INVESTMENT STRATEGIES YOU CAN CHOOSE FROM

Once you have set up your account, you can invest your money in accordance with one or more strategies that you have agreed with your adviser (subject to maintaining the minimum cash balance).

TYPES OF INVESTMENTS

The Choice Menu includes the following types of investments:

- Managed funds,
- Managed portfolios,
- Australian and international listed securities,
- Term deposits,
- Cash,
- Longevity products,
- Foreign Currency, and
- Other investments made available from time to time by us for the Choice Menu.

The list of available investments for the Choice Menu is set out in the Investment Booklet for the Choice Menu which is available on the product website, on InvestorHUB, or from your adviser or the Administrator.

Please refer to the Investment Booklet for the Choice Menu for the most up to date list of investment options available.

Important: Please refer to the disclosure document for any investment you are considering, available from your adviser or through InvestorHUB. When choosing your investments, you should consider the level of risk involved with each investment, the likely investment return and your timeframe for investment.

Your adviser can help you establish an investment strategy that addresses your needs and retirement goals.

MANAGED FUNDS

You can choose from a range of managed funds offered by Australian and international fund managers.

If we receive your transaction instructions before 3pm Sydney time on any business day, we will generally act on them that day. If we receive your transaction instructions after 3pm Sydney time we will generally act on them the next business day. However, the time taken to conclude investment instructions can vary depending on a number of factors applicable to specific managed funds.

MANAGED PORTFOLIOS

Managed portfolios are available through the Fund via one or more non-unitised and registered managed investment schemes (each, a Scheme), which are operated and offered by a responsible entity ('RE') that is approved by the Trustee. Details of the relevant scheme are shown in the relevant Investment Booklet for each investment menu.

Each RE of a Scheme may appoint HUB24 as one or more of custodian, administrator and investment manager for the relevant Scheme.

Refer to the product disclosure statements for these Schemes for further details, which can be obtained from your adviser or through InvestorHUB.

A portfolio manager is appointed in respect of each managed portfolio to design, construct and advise on the notional portfolio of assets for the managed portfolio (standard managed portfolio). The relevant portfolio manager will develop the portfolio composition and instruct the Administrator to reweight or rebalance your investment in your chosen managed portfolio option in accordance with the standard managed portfolio. The portfolio manager may also provide advice to your adviser's licensee so that your adviser can provide you with advice in respect of the managed portfolio.

Managed portfolios can consist of a range of financial products including Australian and international listed securities, managed funds, exchange traded funds ('ETFs'), exchange traded products ('ETPs'), other managed portfolios and cash.

A managed portfolio can offer advantages over investing in a managed fund, including potentially greater tax efficiency and transparency of your share holdings. If the portfolio manager makes changes to the managed portfolio in which you invest, your portfolio will also be updated to reflect these changes so your portfolio mirrors, as closely as possible, the composition of the portfolio manager's standard managed portfolio. This is subject to any investment exclusions arrangements you have in place.

Progressive portfolio implementation ('PPI') is a way for a portfolio manager to implement a change in managed portfolio weightings by introducing one or more

substitute investment(s). The portfolio manager may instruct us to temporarily apply this change in respect of new purchases of the managed portfolio without impacting existing holders of the standard managed portfolio.

If a portfolio manager uses PPI, the underlying investments held in your managed portfolio may differ from the manager's standard managed portfolio. As a result, the investment performance you experience through a PPI managed portfolio may differ from the standard managed portfolio. This is referred to as investment variance. Refer to Section 5 'Risks of super' in the AIB for more information about investment variance risk.

Where you invest in a managed portfolio, you are taken to have instructed the Administrator to pay any fees in respect of the managed portfolio from your HUB24 Super cash account to the RE, your adviser's licensee, investment adviser or the portfolio manager (as applicable) for their services.

Where amounts are owed to an RE or a Scheme (for example because your investment in a managed portfolio has gone into negative balance) you also authorise (when you invest in a managed portfolio) the RE to obtain payment of that amount from your HUB24 Super cash account as an alternative to obtaining payment from the applicable Scheme, and you agree that the Administrator and the Trustee may make such a payment to the RE. If payment from your cash account is not possible, these amounts may be paid from the relevant Scheme.

The Administrator may provide additional services in its personal capacity to you directly or through issuers of underlying investments such as administration, investment advisory or custody services to an RE of a Scheme offering a managed portfolio which is available through the Fund, and the Administrator may be remunerated for these services.

LISTED SECURITIES

You can choose from a wide range of Australian and international listed securities. These listed securities can include ordinary shares, ETFs, ETPs, listed investment companies ('LICs') and interest rate securities including hybrids.

When buying or selling listed securities, we offer flexibility and control over when and how you trade, and your adviser can provide instructions through the following options for trading listed securities:

- **Aggregated trading¹** - your adviser can place a trade for Australian and international listed securities using our default broker(s). This trade will be combined with other trades we receive on

¹ International listed securities are currently only traded via the aggregated trading service.

that day. Consolidating your trades within our scheduled daily trading times can result in netting-off benefits in terms of brokerage costs and CGT. This could, however, result in a higher purchase or lower sale price compared to if the trade had been executed at an optimal market time.

- **Bespoke trading** - this service allows your adviser or portfolio manager to buy or sell Australian listed securities on your behalf, that are available on the Choice Menu, outside of our aggregated trading service, using HUB24 and/or our default broker(s). This is subject to Administrator approval, in accordance with its legitimate business interests, acting appropriately (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' in this PDS for more information). This service may also be available to Australian listed security trades within managed portfolios available on the Discover Menu, the Core Menu or the Choice Menu.
- **Direct Market trading** - this allows your adviser to buy or sell Australian listed securities that are available on the Choice Menu, on your behalf, at the prevailing market price at the time that the order is executed. If the quantity available at the prevailing market price is not sufficient to satisfy the order, the broker will endeavour to fill the balance of the order at the best available market price that complies with individual exchange rules and standards, however, the execution and the price is not guaranteed.
- **Your broker** - this service allows your adviser to buy or sell Australian listed securities that are available on the Choice Menu, on your behalf, by placing trades directly with a broker other than our default broker(s). The appointment of such a broker is subject to Administrator approval, in accordance with its legitimate business interests, acting appropriately (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' in this PDS for more information). Trades placed with your broker are not placed through AdviserHUB, but directly through your broker, and orders are executed in accordance with your broker's market and trading requirements, and are subject to the broker's terms of business.

The Administrator is not a market participant or clearing participant of the ASX or any other market. It has arrangements in place with brokers to provide broking services in relation to your instructions to buy or sell securities. When you choose to trade through the Fund's broking service (direct market trading, bespoke trading or aggregated trading), you authorise the Administrator

to instruct the Fund's broker(s) to execute the relevant transaction under the trading agreement between the Administrator and the broker.

The Administrator reserves the right to add or remove brokers at its discretion where the Administrator is made aware of actual or suspected fraud, where the broker is subject to a regulatory action/investigation, where the broker no longer holds an Australian Financial Services license or is subject to conditions or undertakings which may impact their ability to provide the service or any other factor which the Administrator considers appropriate, having regard to its legitimate business interests, acting appropriately (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' for more information). You can obtain information regarding available brokers by requesting this from your adviser or by contacting us.

Note: it may take some time to execute trades (particularly where you specify a buy or sell price). Please refer to Section 4: 'Trading in Securities' in the AIB with regards to cut off trading times.

TERM DEPOSITS

You can access investments in term deposits (offered by a range of banks or financial institutions) where the interest rate is fixed. Typically, the Fund will make available term deposits with durations of three months, six months and one year, but differing durations and features may be available.

During the deposit term, you cannot withdraw your funds (without additional charges and/or loss of interest) or add funds to the investment. Interest is generally calculated daily and paid at maturity.

Generally, transaction instructions for term deposits will be acted upon within the week in which they are received.

The interest rate you earn will depend on the term deposit provider and the length of the investment term. The interest rate applicable to a term deposit is the prevailing rate on the day the term deposit is opened.

FOREIGN CURRENCY*

Where available, foreign currency will be held in an omnibus account with an Australian authorised deposit-taking institution ('ADI') which will be denominated in a currency other than Australian Dollars ('AUD'). There may be separate omnibus accounts for each available currency. The list of approved foreign currencies, where available, is outlined in the Investment Booklet for the Choice Menu, which is available on the product website, on InvestorHUB, from your adviser or by contacting HUB24. Foreign currency may only be available if you select the Choice Menu.

Where you hold foreign currency, it may be used to buy international assets.

How to invest in foreign currency

Buying or selling foreign currency is facilitated through the aggregated trading service via your adviser.

If you hold foreign currency in a third-party bank account, you may be able to transfer the foreign currency into your account, without needing to convert it to AUD. Please speak with your adviser or contact us if you wish to transfer existing holdings in foreign currency into your account.

Features of holding foreign currency in your account:

- **Exchange rates** - Where you instruct us to convert currency, the exchange rate applicable will be determined by the relevant ADI holding the foreign currency, at the time the conversion is executed.
- **Valuation** - The AUD value of your foreign currency is calculated from time to time in accordance with the relevant exchange rate notified to us by a third-party data provider and fluctuates in accordance with movements in that exchange rate. The AUD value of your foreign currency is used to calculate percentage-based administration fees applicable to your account.
- **Interest** - Any interest received in respect of your foreign currency holdings is passed onto you as interest into your foreign currency holding, less the foreign currency fee. Please refer to Part II of the PDS – Foreign currency fee for more information.
- **Foreign currency withdrawals** – To make a withdrawal of a foreign currency, the foreign currency will be converted to AUD and then deposited into your cash account.
- **Switching between foreign currency** - You cannot switch directly between foreign currencies. If you wish to switch between foreign currencies, the relevant foreign currency amount is first converted to AUD and deposited into your cash account. You can then convert the currency from AUD into the required denominated foreign currency.
- **Switching to AUD** - Foreign currency in your account is not available for you to withdraw or to be used to purchase investments (other than for international assets in the same jurisdiction as the foreign currency, such as international listed securities – see the bullet point below) until we have converted the funds to AUD, after which time the proceeds are transferred into your cash account. Funds available from sell transactions are available to you only after HUB24's

sub-custodian has settled the transaction and we have converted the funds to AUD.

- **Trading international securities using your foreign currency** - You can use your foreign currency in your account to buy and sell international securities in their native currency through your adviser using the aggregated trading service on AdviserHUB. If you buy international listed securities and you hold sufficient money in the foreign currency relevant to that purchase, you can request that the purchase of the international securities be settled using that foreign currency. If you hold insufficient foreign currency in your account at the time of trade settlement, we will convert the required amount of AUD from your cash account into the relevant foreign currency.
- **International Income (Dividends and Interest)** - You can receive international income (such as international listed security dividends and foreign currency interest) in their native currency. If you hold international listed securities or foreign currency, you can elect to receive any income related to the international listed securities or foreign currency holdings, in the relevant native currency.
- **Information about your foreign currency holdings**- If you hold foreign currency, the foreign currency holdings will be included in your account statements, online reports and transaction listings. The value of your foreign currency will be shown in AUD based on exchange rates provided to us by a third-party data provider. The exchange rate used to facilitate transactions may be different from the exchange rate used to calculate the balance of your foreign currency holdings. This means that the AUD value of the amount available to transact may be different from the foreign currency balance shown in AUD in statements and in online reports.

***Note: This investment option and associated features are not available at the issue date of this PDS. Please refer to the Investment Booklet for the Choice Menu on the product website or InvestorHUB for the most up to date information and for information regarding when this will be available. We will also publish an update on the product website and notify you via InvestorHUB when this investment option and these features become available.**

LONGEVITY PRODUCTS

Members who have selected the Choice Menu have the option to invest in longevity products. Specific eligibility criteria may apply, e.g. some longevity products may only be available for members who hold Pension

products while others may be available in both Super and Pension products. For details on the specific requirements for each product, please refer to the longevity product's disclosure documents.

Longevity products are generally investment-based products that are backed or supported by a life insurance policy and that are designed to pay agreed income stream amounts during your retirement until death. These products are designed to assist you in managing income risk and longevity risk during retirement. They will generally require that you have met a specified condition of release (e.g. reached age 65, retirement, suffered permanent incapacity or a terminal medical condition), prior to receiving any income amounts into your cash account.

Each longevity product offered will have specific risks and features that you and your adviser should consider prior to investing. For details on the specific requirements, risks and features of each available longevity product, (including any eligibility criteria, please refer to the longevity product's disclosure document available from your adviser or the InvestorHUB).

Typically, the life insurance policy or an interest in the life insurance policy will be held by the Trustee (on behalf of members who are invested in the longevity product) as an insured person which will entitle you to receive (once eligible) the income stream payable from the longevity product. Refer to the longevity product's disclosure document for further information.

Premium and Investment amounts

When selecting a longevity product, you will be required to pay a premium amount. This premium amount may be a one-off amount or may be paid on an instalment basis to the product provider. The amount you pay as a premium will be determined by (amongst other factors), your age, any deferral period, your intended income amount and any guarantees² offered by the product.

Where the longevity product offers an income guarantee the premium amounts are adjusted to incorporate the agreed guarantee. Each product will have its own minimum investment and premium amount.

You should check to ensure that your investment will meet the minimum investment amount prior to selecting the product. You should refer to the longevity product's disclosure documents to confirm any minimum investment amount for the product. The premium amounts will be deducted from your cash account.

Deferral period

Longevity products may offer a deferral period. This allows the value of the longevity product to be built up prior to drawdowns commencing to be made from the longevity product to fund income stream payments to investors. Some longevity products may require a minimum deferral period. You should review the disclosure documents for your chosen longevity product to confirm if a deferral period is offered and if there are minimum deferral periods. During the deferral period you will not be eligible to receive any income from the longevity product.

Income payments

The amount of income paid by the longevity product will be dependent on the total premium amount paid into the product, the period of any deferral, your age and any guarantees offered by the longevity product. You may be able to select options that allow the income amount to be aligned to an index which would increase your income amounts in alignment with that index. Once income amounts commence generally the income will continue until death. The income amounts will continue beyond the time any capital (from your premium amounts) has been exhausted. The income amounts will be paid into your cash account at your chosen frequency.

Investment options

The longevity product may offer you multiple investment options when selecting the product. The investment options and their restrictions should be considered prior to selecting a longevity product. You may also be restricted in your selection of investment options once income amounts commence being paid to you. You should carefully read the product's disclosure document to understand what investment options may be available to you.

Withdrawal options

Longevity products may offer withdrawal options once they have commenced. The amount available for withdrawal and any costs associated with the withdrawal will depend on amongst other things, the withdrawal amount, premium amounts received, any guarantees offered, timing of the withdrawal request, the phase of the product, capital amounts remaining available for withdrawal and any income amounts received. The proceeds from your withdrawal request will be paid into your cash account.

MANAGED DISCRETIONARY ACCOUNTS (MDAs)

Your adviser may provide you with advice about investing via an MDA service. The MDA service may be provided to you or used on your behalf by your adviser

² Guarantees offered through longevity products are provided by the issuer of the product and not the Trustee or Administrator. For information on any guarantees please refer to the product's disclosure documents available on InvestorHUB or from your Adviser.

or another person (not the Trustee) if you are a client of the MDA service (MDA Client) that also invests (or wishes to invest) through the Fund.

The MDA service provided by the MDA service provider, or your adviser, are separate from the Fund and the Trustee and Administrator may not be aware that MDA investments are made via the Fund.

Where the Administrator is aware that MDA investments are made via the Fund, the Administrator may enter into an agreement with the MDA service provider to provide it with a MDA Facility which will have the effect of holding your MDA investments and reporting on them in one place. The MDA Facility is only available to members who have selected the Choice Menu.

The MDA Facility is a technology-based administration and implementation service provided by the Administrator that allows the MDA service provider to implement, manage and monitor your MDA investments through the Fund. The MDA Facility is not provided, or made accessible to you by the Trustee

Your adviser and the MDA service provider may, for example, implement an investment strategy it devises, and create a portfolio of investments matching that strategy. The MDA Facility allows the MDA service provider to implement those investments, rebalance them and report on their individual performance.

An MDA service provider will determine, make, and manage your investments. Neither the Trustee nor the Administrator is responsible for what investments the MDA service provider makes on your behalf or how they are managed.

The Administrator reserves the right at any time, in accordance with the terms of the Fund and any of the Administrator's policies, not to follow or implement the instructions provided through the MDA Facility (please refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' in this PDS for more information).

Please refer to 'The fees you pay for advice and other related services provided to you' in Part II of the PDS for more information on the fees relating to the provision of services under the MDA Facility.

INVESTMENT HOLDING LIMITS

There may be limits on how much you can invest in certain investment options. If you exceed these limits, you may not be able to add further monies to the investment option and you may have to sell certain investments. Refer to 'Investment holding limits' within the Investment Booklet for the Choice Menu for more information.

BUYING, SELLING AND SWITCHING INVESTMENTS

Subject to any liquidity constraints, you can change your investment strategy and underlying investments at any time by instructing your adviser. There's generally no minimum amount for investments, but certain managed funds and managed portfolios may have minimum investment requirements. You may set a minimum trade size with your adviser. For more information about setting a minimum trade size or using the default options refer to the AIB Section 3 Benefits and Features. Please refer to the disclosure document for the specific investment or ask your adviser for more information. When placing investment instructions, you must ensure your cash account maintains enough cash (including the minimum cash balance) to enable the transaction to settle.

If there is insufficient cash within your cash account to allow transactions to settle, your cash account may be placed into negative and be subject to an interest charge on the negative cash amount. Please refer to 'Activity fees' in Part II of the PDS for more information on the negative cash account fee.

CHANGES TO INVESTMENT STRATEGIES AND THE INVESTMENT BOOKLET

The Trustee may change the available investment strategies and/or options for the Fund in the Choice Menu at its discretion (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' in this PDS for more information). This may include removing, adding or varying the characteristics of a strategy or option (including its objective).

The composition of available investments can change from time to time. In addition, certain investments may be removed altogether from the relevant Investment Booklet for the Choice Menu without prior notice. In this case the Trustee may, at its discretion, allow members holding the investment (existing investors) to continue to hold the investment, prevent additional investments into an existing investment, or it may require existing investors to sell the investment (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' in this PDS for more information).

DELAYS IN PROCESSING INSTRUCTIONS

Sometimes it may not be possible to act on your instructions in a timely fashion (e.g. we may not have enough information, certain requirements may not have

been met, or a fund manager may have suspended applications or withdrawals). In these cases, we will contact your adviser.

The Trustee reserves the right to refuse or delay your instructions for any reason. In such cases, to the extent permitted by law, the Trustee accepts no liability for any losses incurred.

LABOUR STANDARDS, OR ENVIRONMENTAL, SOCIAL, OR ETHICAL CONSIDERATIONS

The Trustee or its delegates do not take into account labour standards or environmental, social or ethical considerations when selecting, retaining or realising investments. Some managed funds, managed portfolios and longevity products available to you may take these factors into account (for more information, refer to the applicable disclosure document for the managed fund, managed portfolio or longevity product).

 For more information on 'How we invest your money' refer to 'How we invest your money' in the AIB and the Investment Booklets for the Choice Menu. A copy of the AIB for this product is available on the product website at hub24.com.au/product-documents/hub24-super-documents/

6. HOW SUPER IS TAXED

Tax may apply to contributions, investment earnings and withdrawals. Generally, any taxes you pay within super are at a concessional (lower) rate. In most cases, the Trustee deducts tax and pays it to the ATO on your behalf. Taxation of super is summarised below based on tax rules as at the date of preparation of this PDS. The rules change from time to time. Up to date information on how super is taxed is available at www.ato.gov.au/super.

CONTRIBUTIONS

Contributions are classified as concessional or non-concessional contributions, generally depending on whether the contribution is included in the assessable income of the Fund.

- Concessional contributions (e.g. SG contributions and salary sacrifice contributions) are generally taxed at a maximum rate of 15% (the actual rate may be less due to tax credits or other rebates available to the Fund). Additional tax may apply to concessional contributions made if you are classified as a high income earner. This additional tax is payable directly by you unless you elect for this additional tax to be paid through the release of money from your super account.
- Non-concessional contributions, such as those made from your after-tax income (e.g. personal contributions) are generally not taxed.

Contributions in excess of applicable contribution caps are subject to additional tax. Information on contribution caps is available at www.ato.gov.au/Super/

Taxes may apply to transfers of superannuation into the product from an untaxed source (e.g. certain public sector schemes).

INVESTMENT EARNINGS

Net investment earnings for personal super accounts and transition to retirement pension accounts are generally taxed at a maximum rate of 15% (the actual rate may be less due to tax credits or other rebates available to the Fund). Investment earnings are generally tax-free for investments in account-based pensions.

WITHDRAWALS

When you withdraw your super, part or all of it may be taxed, depending on your age.

If you are aged 60 or older, withdrawals are tax-free. If you are below 60 years old, tax applies to any taxable component of the benefit. The tax rate depends on whether or not you have reached your preservation age and the type of benefit paid.

TAX ON DEATH BENEFITS

The tax treatment of death benefits depends, among other things, on who receives your benefit. If we pay a lump sum to a certain dependent beneficiary (e.g. your spouse, or child under 18 years of age), the payment is tax-free. For benefits paid to non-dependents (e.g. adult children aged 18 years or older who are not financially dependent on you) tax may apply to any taxable component of the death benefit.

Warning: The Federal Government sets caps on the amount of contributions you can make each financial year, and you may have to pay more tax if you exceed these limits. You are personally liable for any tax due to excess contributions.

You should seek professional taxation advice tailored to your personal circumstances. The information shown in this document is a general overview only, and does not take into account your personal situation.

YOUR TAX FILE NUMBER

Warning: Under superannuation legislation, the Trustee is authorised to collect, use and disclose your Tax File Number ('TFN') which will only be used for lawful purposes. These purposes may change in the future as a result of legislative change.

Warning: While you are not obliged by law to provide your TFN, we require you to provide it before we accept your application to join this product unless the Fund already holds a valid TFN for you.

This helps ensure that:

- other than the tax that may ordinarily apply, you will not pay more tax than you need to – this affects both contributions to your superannuation and super benefit payments when you start drawing down your super benefits;
- the Fund can accept your personal contributions and all other permitted types of contributions; and
- it's easier to locate any lost super benefits or different super accounts in your name or consolidate your super so that you receive all your superannuation benefits when you retire.

The Trustee may disclose your TFN to another super provider when your benefits are being transferred, unless you request in writing that this does not occur.

Further information about tax is available from www.ato.gov.au

i For more information on how super is taxed refer to 'How super is taxed' in the AIB. A copy of the AIB for this product is available on the product website at hub24.com.au/product-documents/hub24-super-documents. Up to date information on tax on your super is available at www.ato.gov.au/super.

7. INSURANCE IN YOUR SUPER

If you have a personal super account, you can apply for insurance cover through the Fund under a group or individual insurance arrangement to provide financial support if you die or become disabled. Insurance cover is provided under an insurance policy issued to the Trustee by an insurance company ('Insurer').

If you are eligible, the types of insurance cover available to you as a member of the Fund are:

- Death cover – provides a lump sum payment if you die or are diagnosed with a terminal illness;
- Total and Permanent Disablement ('TPD') cover – provides a lump sum payment if due to your ill-health (whether physical or mental), you are unlikely to engage in gainful employment for which you are reasonably qualified by education, training or experience; and
- Income Protection ('IP') cover – provides regular monthly payments if you become temporarily, totally or partially disabled.

The payment of insured benefits under any insurance cover you hold is subject to the terms and conditions of the applicable insurance policy, and acceptance of your claim by the Insurer.

APPLYING FOR COVER

To apply for insurance cover you must submit an application form and any health or other evidence required, which the Insurer will assess. Insurance cover only starts once the Insurer has accepted your application.

WHEN COVER ENDS

Insurance cover ends in certain circumstances including when:

- you reach the maximum insurable age;
- there is not enough money in your personal super account's cash account to pay the cost of insurance; or
- you close your personal super account.

Also, we are required to cancel your insurance cover if your account has been inactive for a continuous period of 16 months, and you have not made an election to maintain your insurance cover.

Your account is considered 'inactive' if no contributions or rollovers have been received over the relevant period. To prevent your insurance being cancelled under these rules, you will need to make an election to maintain your insurance cover.

For more information, refer to Section 2 in the Insurance Guide located at hub24.com.au/product-documents/hub24-super-documents.

THE COSTS OF COVER

There are different costs (which you are responsible for) associated with different types of cover, based on your personal circumstances including your age, occupation, health status and amount and type of cover.

Insurance costs, comprising the insurance premiums paid to the Insurer, any insurance administration fee and any loadings which may apply specifically to you (for example having regard to your age, occupation, or whether you are a smoker or non-smoker), are deducted from your cash account and may be adjusted for any changes to your cover.

Insurance costs are either deducted from your cash account monthly in arrears, quarterly in arrears or annually in advance, depending on the arrangements agreed to with the applicable Insurer.

EXCLUSIONS

The Insurer may not pay a benefit in certain circumstances (including for pre-existing conditions, suicide and intentional self-injury). For more information about exclusions, refer to Section 3 in the Insurance Guide.

CHANGING YOUR COVER AMOUNT

You can change the amount and type of your insurance cover at any time (for example, you can increase your cover) subject to the terms of the relevant insurance policy (which may require the Insurer's approval). You may be required to provide evidence of health and other information for the Insurer to consider your application. You can also cancel your insurance at any time by sending us your request in writing.

ADDITIONAL INFORMATION

Warning: The Insurance Guide and the product website shown on the front cover contain further information about:

- the level, type and cost of insurance cover available; and
- your eligibility for, and cancellation of, insurance cover (as well as conditions and exclusions applicable to insurance cover) which may affect your entitlement to cover.

Further information about insurance cover under an individual insurance arrangement is contained in the product disclosure statement issued by an Insurer whose

insurance arrangement is available from the Fund, as determined by the Trustee from time to time (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' in this PDS for more information).

You should read this additional information and discuss it with your adviser before deciding whether insurance is appropriate for you.

 For more information on insurance refer to the Insurance Guide and the list of individual insurance policies. A copy of the Insurance Guide for this product is available on the product website at hub24.com.au/product-documents/hub24-super-documents/

8. HOW TO OPEN AN ACCOUNT

You can apply to join this product by completing the relevant application form which is available free of charge by contacting your adviser or the Administrator or through the product website.

Your adviser can help you complete the application form and lodge it online via AdviserHUB or by printing a copy of the application and sending it to the Administrator.

The minimum initial investment for each account is \$20,000.¹

INCOMPLETE OR INVALID APPLICATIONS

Incomplete or invalid applications cannot be accepted, and any money received will be invested in a separate trust account (in accordance with relevant law) until the completed information is received. The Administrator will attempt to contact you via your adviser, normally within seven business days, but in times of high demand this may take longer. If we are unable to open your account within 30 days, we may either return the funds to you or, if the application money was transferred from another superannuation fund, to the transferring superannuation fund. You will not earn interest on these amounts. Any interest earned will be retained by the Fund.

COOLING-OFF PERIOD

You have a 14-day cooling-off period to decide whether the product you have applied for is right for you. The cooling-off period starts on the date you receive your welcome email, or 5 business days after your account is opened, whichever happens first. You will lose the ability to exercise your cooling-off right if you transact or exercise any rights on your account within the 14 day cooling-off period (e.g. you make a withdrawal). Except as set out above, during the cooling-off period, you can exercise your cooling-off right to cancel your account and withdraw any amount that isn't preserved or restricted non-preserved, or rollover your account balance (including unrestricted non-preserved monies if you choose to do so).

If you have any preserved or restricted non-preserved benefits in a super account or transition to retirement pension, it can only be transferred to another complying super fund. For transition to retirement pensions you can also request to transfer your benefits back into a personal super account. You will need to complete an

application form for a personal super account in the Fund, if you wish to do this and you don't already have one.

The amount returned to you or transferred to another fund may vary from the amount you invested because your account balance will be adjusted for any of the following (if applicable):

- increase or decrease in the value of your investment
- insurance costs (for personal super accounts)
- pension payments made to you (for pension accounts)
- any tax payable
- administration costs incurred during the period your account was open.

You may wish to obtain financial advice before exercising your cooling-off right as it may have tax implications. To close your account under the cooling-off period, you will need to notify us, by contacting the Administrator in writing, of your intention as well as your name and account number. The Administrator must receive your request within 14 days from the earlier of the time you receive written confirmation of the opening of your account or five business days after the opening of your account. We will send you confirmation once we have closed your account.

COMPLAINTS

We take complaints seriously as they give us information about how we can improve our services to you.

The Trustee's complaints handling process is outlined at <https://www.eqt.com.au/complaints-and-resolution-information>. If you have a complaint, you should contact the Administrator – refer below.

We will provide a final response to your complaint:

- for complaints about superannuation death benefit distributions, within 90 calendar days after the expiry of the 28 calendar day period for objecting to a proposed death benefit distribution; and
- for all other complaints, within 45 calendar days of receiving your complaint.

In exceptional cases where there is no reasonable opportunity for us to respond within the applicable timeframe above because resolution of the complaint is

¹ If you select the Discover Menu, the 'recommended minimum initial investment amount' for the relevant managed portfolio option, may be lower. Please refer to the relevant Managed Portfolio Service Product Disclosure Statement for the relevant managed portfolio available in the Discover Menu.

particularly complex or because of circumstances beyond our control which cause complaint management delays, we will need more time to respond to your complaint.

In these cases, before the applicable timeframe above expires, we will provide you with a notice:

- informing you of the delay in our response to your complaint;
- setting out our written reasons for the delay; and
- setting out information about your right to take your complaint to the Australian Financial Complaints Authority ('AFCA') if you are dissatisfied and the contact details for AFCA.

Also, in these cases, we will keep you updated regularly as to the progress of the investigation of your complaint.

In the event of a complaint please contact the Administrator's Complaints Officer at:

Email: complaints@hub24.com.au
Mail: HUB24 Custodial Services Ltd
GPO Box 529
Sydney NSW 2001

The Administrator has an internal complaint handling summary document that you can access free of charge from our website at www.hub24.com.au.

If an issue has not been resolved to your satisfaction by our internal complaints' resolution process, you can lodge a complaint with AFCA. AFCA is an independent external dispute resolution scheme for the financial services industry and provides fair and independent financial services complaint resolution that is free to consumers. You can also refer a complaint directly to AFCA if you wish, however they will likely refer the matter back to us if you have not previously contacted us about the matter.

You can contact AFCA by calling 1800 931 678, or in writing to:

Mail: Australian Financial Complaints Authority
GPO Box 3
Melbourne VIC 3001
Email: info@afca.org.au
Website: www.afca.org.au

There may be a time limit for referring your complaint to AFCA. Other limits may also apply. You should contact AFCA or visit the AFCA website for more details.

If your complaint relates to services provided to you by your adviser, an MDA provider or your broker please refer to their financial services guide for information about their complaints handling process. We also suggest you contact your adviser.

9. OTHER IMPORTANT INFORMATION

PRIVACY

Your personal information is important to us.

The Trustee and the Administrator are required to collect and verify information about you (and where applicable, people acting on your behalf). This is to ensure we properly administer the financial products you've requested, and to comply with our legal obligations.

We collect personal information strictly in accordance with the *Privacy Act 1988* (Cth). Your personal information may be shared with third parties, including the responsible entity of any registered managed investment scheme through which managed portfolios are made available and their service providers and overseas entities, if we reasonably consider this necessary to administer your investment. Those parties can only use your information in accordance with the *Privacy Act 1988* (Cth) and for the purpose of administering the financial products you've requested or are invested in. You can request access to your personal information, or to our privacy policy, using the contact details provided on the front cover of this document.

For more information, see Section 8 'Additional Information' in the AIB.

CONSENTS

HUB24 has consented to any statements made (or that can be attributed to it) appearing, and consented to being named, in this PDS (including incorporated information in the AIB, the relevant Investment Booklet, the Insurance Guide and the list of individual insurance policies, as applicable) in the form and context in which the statements/naming occurs and, as at the date of the PDS, has not withdrawn its consent. Other third parties named in the PDS and incorporated information have also consented to being named in the form and context in which their name is included and, as at the date of the PDS, have not withdrawn their consent.

YOUR ADVISER

Your adviser is not an agent or representative of the Trustee or the Administrator. None of the Trustee, the Administrator, or any other entity associated with the management or promotion of the Fund or its products bear any responsibility for any financial product advice provided to you by your adviser, your investment or insurance instructions not being acted upon in a timely fashion by your adviser, or any other actions of your adviser.

None of the Trustee, any of its related entities or their respective employees, or the Administrator, endorse, warrant or accept any responsibility for any of the services provided by your adviser.

Note: You must typically give us all your investment instructions through your adviser. Your adviser can implement investment and other instructions through an AdviserHUB provided by the Administrator, that helps facilitate the adviser's role. The role of your adviser is explained further in the AIB.

TRUSTEE AND ADMINISTRATOR DISCRETION

The Trustee and/or Administrator (as applicable) will exercise its rights, discretions and powers as set out in this PDS, acting appropriately.

Depending on the nature of the right, discretion or power, the following will be taken into account by the Trustee:

- the terms of the Trust Deed; and
- legal and regulatory obligations that apply to the Trustee.

Depending on the nature of the right, discretion or power, the following may be taken into account by the Administrator:

- commercial, operational and risk considerations;
- the terms of the Trust Deed;
- legal and regulatory obligations that apply to the Administrator; and
- any other factor which the Administrator considers appropriate, in relation to the exercise of its rights, discretions and powers, having regard to its legitimate business interests.

PROMOTER

HUB24 is the promoter of the Fund and provides a range of fund services. These include administration of investments, investment management, client services and custody services. As promoter, HUB24 has in place an agreement with ClearView Financial Management Limited (ABN 99 067 544 549) ('CFML') to promote the product. CFML receives remuneration from HUB24 which is paid from HUB24's own resources.

The distributors of WealthSolutions2 Super are Australian Financial Services License (AFSL) holders who are approved by the Administrator to distribute the product (each a 'Licensee'). CFML may be a related entity of the Licensee and may also be a related entity of your adviser. CFML is not the issuer of the PDS. WealthSolutions2 Super is only available to clients of approved Licensees and their authorised advisers (each an adviser) unless otherwise approved by the Administrator.

HUB24 may sub-contract the performance of some or all of its functions to other professional service providers.

The Trustee may also use other service providers in the management and operation of the Fund.

Given the range and nature of the investment and insurance options available, you must have a relationship with an authorised financial adviser ('adviser') and their licensee in order to join this product, unless otherwise

approved by the Trustee (refer to Section 9: Other Important Information, under 'Trustee and Administrator Discretion' for more information).

You can find out more information about the Fund by contacting your appointed adviser or the Administrator.

TRUSTEE AND FUND INFORMATION

The Trustee is required to disclose certain information and documentation in relation to itself and the Fund on a website. This information and documentation is available from the following website:

hub24.com.au/product-documents and includes, but is not limited to, the Trust Deed, the PDS, the most recent Annual Report and the names of each material outsourced provider to the Fund.

ELIGIBILITY

This PDS does not constitute an offer or invitation in any place where, or to any person to whom it would not be lawful to make such an offer or invitation. This offer is only open to persons receiving this PDS as a hard copy or electronically within Australia.

IMPORTANT INFORMATION

The PDS comprises two parts and is a summary of important information relating to the Fund to assist you in deciding whether this product is suitable for your needs. It will also help you compare this product with others you may be considering.

This document is Part II of the PDS. The other document that makes up the PDS is Part I of the PDS for WealthSolutions2 Super. Part I of the PDS contains information on key features, benefits and risks of the product.

The fees and other costs shown in this document are available only to clients of Licensees who are approved by the Administrator to distribute the product, and their authorised advisers (each an adviser) unless otherwise approved by us.

The PDS also includes references to important information contained in the following documents, which form part of this PDS:

- Additional Information Booklet (AIB)
- Insurance Guide
- Investment Booklet for the Choice Menu, and
- List of individual insurance policies available.

These documents are available free of charge by contacting your adviser or the Administrator or through the product website.

You should carefully read and consider the PDS (including incorporated information) before making a decision to apply for this product.

The information contained in the PDS is general information only and does not take into account your personal objectives, financial situation, needs or circumstances. Before acting on this information, you should consider its appropriateness, having regard to your personal objectives, financial situation, needs and circumstances. Before you make any decision about whether to acquire or continue to hold the product or an investment available in the product, you should consider the PDS and it is recommended you obtain professional financial advice tailored to your personal circumstances from your financial adviser.

TARGET MARKET DETERMINATION

A target market determination ('TMD') has been issued by us which considers the design of this product, including its key attributes, and describes the class of consumers that comprises the target market for this product. A copy of the TMD for this product can be obtained from your financial adviser or is available on the product website at hub24.com.au/product-documents/hub24-super-documents/.

UPDATED INFORMATION

The information in this PDS is up to date at the date of publication. However, we may make changes from time to time in response to regulatory requirements or changes, to reflect changes to the Fund or its products (including changes in the way accounts are administered), to ensure that the information included in this PDS remains accurate and up to date.

If a change occurs to information in this PDS that is not materially adverse, we may update this PDS by publishing the updated information on the product website shown on the front cover of this document. Otherwise, we will issue a supplementary PDS or revised PDS (or revised part of this PDS). You can obtain a paper or electronic copy of any updated information or any supplementary or revised PDS (or part of this PDS), free of charge on request, by asking your adviser, by contacting the Administrator or by visiting the product website shown on the front cover. You should regularly check the product website to ensure that you have the most up to date information.

We will provide members with notice of any material change to a matter or of any significant event that affects a matter, being a matter that would have been required to be specified in a PDS for this product prepared on the day before the change or event occurs. We will provide members with at least 30 days' advance notice of any increase in fees as required by law. For any other materially adverse changes, advance notice will also be provided to members at least 30 days in advance, where practicable, otherwise advance notice of materially adverse changes will be provided as permitted by law.

NO GUARANTEE

None of the Trustee, any of its related entities or their respective employees, or any other entity associated with the investment management, administration, custody or promotion of the Fund or its products (including the Administrator), guarantee the capital invested by you, the performance of the specific investment or insurance options available, or your benefits generally.

The Trustee and the promoter of the Fund and any other service provider (including the Administrator) associated with this product do not guarantee or underwrite this product.

FEES AND OTHER COSTS

You can use the fees and costs information contained in this document to compare costs between different super products, but you should bear in mind the nature of the investment options you are comparing.

The fees and costs information contained in this document relates to the Fund and not the underlying investments that you invest in through the Fund. Additional fees and costs may be charged by the issuers of these underlying investments including investments within managed portfolios.

You should refer to the applicable disclosure document for the underlying investments for the fees and costs that apply to underlying investments including investments within managed portfolios. These can be obtained (free of charge) from the product website shown on the front cover or your adviser.

To understand all of the fees and costs payable in relation to the selection of a particular strategy, you must refer to both the PDS for the Fund and the applicable disclosure document (if any) for the relevant underlying investment.

Unless otherwise stated all the fees and costs shown in this Part II of the PDS are expressed as inclusive of the Goods and Services Tax (GST) and net of any reduced input tax credits (RITCs).

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneySMART.gov.au) has a superannuation calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole.

Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you. Entry fees and exit fees cannot be charged.

Taxes, insurance fees and other costs relating to insurance are set out in another part of this document.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

Fees and costs for particular accessible investments available through the Fund are set out in the relevant product disclosure statement or disclosure document (if any) for the accessible investment.

¹ If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

	<p>PLUS Cash management fee³ The cash management fee is up to 1.75% p.a. of your cash account balance. The cash management fee is equal to the amount of interest received from the Australian banks or other authorised deposit-taking institutions (ADIs) in which those moneys are held, less the amount of interest we aim to credit to your cash account calculated using the target interest rate.</p> <p>PLUS Foreign currency fee (This fee is applicable to foreign currency holdings, where available through the Choice Menu) If you invest directly in foreign currency, a foreign currency fee of up to 1.75% p.a. of the Australian dollar value of the foreign currency will apply.</p>	<p>The cash management fee is calculated daily on your cash account balance. It is payable monthly in arrears and deducted from the interest received in relation to the cash held in your cash account before interest is credited to your account. The foreign currency fee is calculated daily and payable monthly in arrears from any interest received in relation to the foreign currency. If the interest earned on the foreign currency is insufficient to pay this fee, it will be reduced to ensure a negative foreign currency interest balance does not result.</p>
	<p>PLUS Expense recovery The expense recovery fee is 0.025% p.a. of the total balance of your account.</p>	<p>The expense recovery fee is calculated based on the daily weighted average of your total account balance (which includes all your investments within your HUB24 Super account) during the preceding quarter. It is deducted from your cash account quarterly in arrears following the end of each quarter.</p>

Fees for advice and related services provided to you, and insurance fees and costs, will be deducted from your cash account in accordance with the applicable charging arrangement as set out in the 'Additional explanation of fees and costs' section.

Fees payable to your adviser or to your adviser's licensee for advice and related services provided to you can be negotiated with your adviser.

- ² The cash management fee is up to 1.75% p.a. and applies to your cash account balance and may vary from time to time. For more information, refer to 'Cash management fee' under the heading 'Additional explanation of fees and costs' in this document.
- ³ The foreign currency fee is up to 1.75% p.a. and applies to the Australian dollar value of any foreign currency you hold and may vary from time to time. For more information, refer to 'Foreign currency fee' under the heading 'Additional explanation of fees and costs' in this document.
- ⁴ Investment fees and costs shown above do not include any amount for performance fees. Performance fees may be incurred in relation to accessible investments made available via the Fund and may be deducted from your cash account. For more information, refer to 'Additional explanation of fees and costs' in this document. For the calculation basis for any performance fees, refer to the relevant product disclosure statement or other disclosure document for the relevant accessible investment.
- ⁵ Other fees and costs may apply such as activity fees, advice fees for personal advice or insurance fees. Refer to the 'Additional explanation of fees and costs' in this document for more information.

EXAMPLES OF ANNUAL FEES AND COSTS FOR A SUPERANNUATION PRODUCT

EXAMPLE 1 - MANAGED FUND ON THE CHOICE MENU

This table gives an example of how the **ongoing annual fees and costs** for the Vanguard Growth Index Fund on the Choice Menu for this superannuation product¹ can affect your superannuation investment over a 1 year period. You should use this table to compare this superannuation product with other superannuation products.

EXAMPLE - the Vanguard Growth Index Fund

Balance of \$50,000²

Administration fees and costs	Tiered percentage fee: 0.37% (subject to a minimum tiered percentage fee of \$350) + Account keeping fee: \$240 + Cash management fee: 1.75% on the amount in your cash account + Expense recovery: 0.025% (on the total balance of your account).	For the \$50,000 you have in the Choice Menu in the superannuation product, you will be charged or have deducted from your investment \$373.44 in administration fees and costs, plus \$240 regardless of your account balance.
PLUS Investment fees and costs	Nil	And , you will be charged or have deducted from your investment \$0 in investment fees and costs.
PLUS Transaction costs	Nil	And , you will be charged or have deducted from your investment \$0 in transaction costs.
EQUALS Cost of product		If your balance was \$50,000 at the beginning of the year, then for that year you will be charged fees and costs of \$613.44 for the superannuation product.

¹ This example has been prepared in respect of each superannuation product covered by this PDS i.e. HUB24 Super (accumulation) and HUB24 Super (pension).

² This example assumes \$49,375 is invested in the Vanguard Growth Index Fund on the Choice Menu and \$625 is held in the cash account to maintain the minimum cash account balance of 1.25%. A cash management fee applies in relation to amounts held in the cash account. For more information refer to 'Cash management fee' under the heading 'Additional explanation of fees and costs'.

Note: Additional fees may apply.

Important note: The fees and costs shown in the above example relate only to gaining access to the accessible investments made available through the Fund via the Choice Menu, and do not include the fees and costs that relate to investing in or through the accessible investment, for example, investment management fees and performance fees (if any). Additional fees and costs will apply to the accessible investments that you choose to invest in through the Fund. Refer to the 'Examples of annual fees and costs for HUB24 Super and underlying investments' illustrating the cumulative effect of the fees and costs when investing through the Choice Menu in the Fund, taking into account the fees and costs relating to the gaining of access to the accessible investments made available through the Fund via the Choice Menu and the fees and costs of certain accessible investments.

EXAMPLE 2 – COMBINED EXAMPLE OF FEES AND COSTS FOR THE PRODUCT AND ACCESSIBLE INVESTMENTS VIA A MANAGED FUND WITHIN THE CHOICE MENU (INCLUSIVE OF THE FEES AND COSTS OF THE UNDERLYING INVESTMENTS)

This table gives an example of how the **ongoing annual fees and costs** in the product (i.e. HUB24 Super (accumulation) or HUB24 Super (pension) and certain accessible investments held through the product via a managed fund from the Choice Menu can affect your investment over a 1-year period. You should use this table to compare ongoing fees and costs of this superannuation product with other superannuation products when ongoing fees and costs relating to accessible investments are taken into account.

Example - Vanguard Growth Index Fund ¹			Balance of \$50,000 ¹
Administration fees and costs	Tiered percentage fee (subject to a minimum fee of \$350)	0.37% + \$350.00	And , for the \$50,000 you have in the Choice Menu in the superannuation product, you will be charged or have deducted from your investment \$373.44 in administration fees and costs, plus \$240 regardless of your account balance.
	Account keeping fee	\$240 + \$240.00	
	Cash management fee	1.75% + \$10.94	
	Expense recovery	0.025% + \$12.50	
PLUS Investment fees and costs associated with the accessible investments	Managed Fund investment management fee	0.29% + \$143.19	And , you will be charged or have deducted from your investment \$143.19 in investments fees and costs. Other investment fees and costs are deducted from the accessible investments.
	Underlying investment management fees and costs	0.000% + \$0.00	
	Underlying investment performance fees²	0.000% + \$0.00	
PLUS Transaction costs associated with the accessible investments ³		0.010% \$4.94	And , you will be charged or have deducted from your investment \$4.94 in transaction costs. These transactions costs are deducted from your accessible investments.
EQUALS Cost of product after taking into account ongoing fees and costs of the accessible investments			If you had an investment of \$50,000 at the beginning of the year, then for that year you would be charged fees and costs of \$761.57* in relation to the product and the accessible investments (i.e. 1.52% of the \$50,000 investment).

¹ This example assumes \$49,375 is invested in the Vanguard Growth Index Fund on the Choice Menu and \$625 is held in the cash account to maintain the minimum cash account balance of 1.25%. A cash management fee applies in relation to amounts held in the cash account. Refer to the sub-heading 'Cash management fee' under the heading 'Additional explanation of fees and costs' in this PDS for more information. Investment fees and costs and transaction costs are estimates only, based on information available as at the date of preparation of this PDS, and are subject to change from year to year.

² For more information on the performance fee refer to the product disclosure statement for the Vanguard Growth Index Fund.

³ In addition to any transaction costs you may be subject to a buy/sell margin. Refer to the product disclosure statement for the Vanguard Growth Index Fund for more information about these costs.

* **Note:** Additional fees may apply including any advice fees agreed between you and your Adviser.

Important Note: The example set out above is provided by way of illustration, as an example of the total ongoing fees and costs you may incur over a 1 year period in acquiring the investments via a managed fund from the Choice Menu available through the product (i.e. HUB24 Super (accumulation) or HUB24 Super (pension)). This example does not represent the actual fees and costs that you will pay. The actual amount you will pay may vary compared to this example, and will depend on various factors, such as your actual account balance, the investments you hold, the

number of times you transact and the fees and costs that apply to the relevant underlying investment(s). Your adviser can provide more information about fees and costs and an estimate of what you will pay in relation to your account and any underlying investments.

COST OF PRODUCT FOR 1 YEAR¹

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your superannuation investment over a 1-year period for all superannuation products and investment options. It is calculated in the manner shown in the Example of annual fees and costs.

The cost of product information assumes a balance of \$50,000² at the beginning of the year. (Additional fees such as a buy-sell spread may apply; refer to the Fees and costs summary for the relevant superannuation product or investment option).

You should use this figure to help compare superannuation products and investment options.

The cost shown for each investment menu or option is the same for each superannuation product covered by this PDS i.e. HUB24 Super (accumulation) and HUB24 Super (pension). Administration fees and costs vary depending on the investment menu/option you select; they do not vary depending on whether you have an accumulation or pension account. The examples assume a minimum cash holding of 1.25% (\$625) with the remainder (\$49,375) invested into investments .

Superannuation product or investment option	Cost of product
Choice Menu - Accessible investments other than international listed securities or foreign currency	\$613.44 ³
Choice Menu - International listed securities	\$662.81 ⁴
Choice Menu - Foreign currency	\$1,477.50 ⁵

¹ The cost of product information relates only to gaining access to the accessible investments made available via the Fund and does not include the ongoing fees and costs that relate to investing in the accessible investments that are not deducted from your cash account.

² The cost of product information shown relates to gaining access to all accessible investments (other than international listed securities or foreign currency) via the Choice Menu. Cost of product information has not been set out in relation to each accessible investment available through the Choice Menu because the cost of product calculated in the manner shown in the 'Examples of annual fees and costs for a superannuation product' associated with investments accessible through this investment menu is the same, except for international listed securities and foreign currency accessible through the Choice Menu.

³ The cost of product information shown here is for a generic direct holding of international listed securities made available through the Fund via the Choice Menu. Cost of product information has not been set out for individual international listed security made available through the Fund because the cost of product calculated in the manner shown in the 'Examples of annual fees and costs for a superannuation product' is the same for all international listed securities held directly. The cost of product example includes a 0.10% p.a. international listed securities administration fee applicable if you invest directly in international listed securities on the Choice Menu.

⁴ The cost of product information shown here is for a generic direct holding of foreign currency made available through the Fund via the Choice Menu. Cost of product information has not been set out for individual foreign currencies made available through the Fund because the cost of product calculated in the manner shown in the 'Examples of annual fees and costs for a superannuation product' is the same for all foreign currencies. The cost of product example includes a 1.75% p.a. foreign currency fee administration fee applicable if you invest directly in foreign currencies on the Choice Menu. This example assumes the full 1.75% p.a. amount is charged and is calculated as a percentage of the Australian dollar value of the foreign currency.

ADDITIONAL EXPLANATION OF FEES AND COSTS

ACTIVITY FEES

The fees described in the following table are payable to the Administrator and, to the extent necessary, are applied by the Administrator to pay any underlying service provider (e.g. to pay for brokerage and transaction related fees). The Administrator retains any balance of the fees paid to it which are not used to pay an underlying service provider. Fees will only be incurred where the relevant transaction instruction is provided or where the relevant activity occurs.

Note: any stamp duty or other government charge applicable to an investment transaction on your account, will be charged directly to your cash account.

Transacting in term deposits	All trades	Nil	N/A
	Withdrawing a term deposit before maturity	A break fee of \$55 per term deposit will be charged when a term deposit is broken before maturity, on your instruction through your adviser. Additional fees or interest penalties may be charged by the underlying term deposit provider ¹⁰ Refer to the relevant term deposit disclosure document for more information.	The break fee is deducted from your cash account at or around the time you break the term deposit.
Dishonour payment	N/A	A fee of \$55 may be charged for any dishonoured payment.	Any fees relating to dishonoured payments will be deducted from your cash account at or around the time the dishonour occurs.
Family law requirement	N/A	We may charge reasonable fees and pass on any costs and expenses we incur in relation to the administration of Family Law Act requirements.	You will be notified by us of any fees that we may charge should your account be affected by Family Law Act requirements.
Negative cash account fee	N/A	A negative cash account fee will be charged which is equal to the interest rate applicable on positive cash account balances.	The negative cash account fee is calculated daily on your negative cash account balance. It is payable monthly in arrears and deducted from the interest received in relation to the cash held in your cash account before interest (if any) is credited to your account.

¹ Alternatively, portfolio managers may choose to trade Australian listed securities within a managed portfolio using a broker other than our default broker(s) (as agreed by the Administrator from time to time). This only applies where the Administrator has an arrangement in place with the portfolio manager and/or the broker. In this case, you or your adviser may agree on the applicable brokerage fee for transacting in Australian listed securities. If you utilise these separate trading services, the maximum fees in the table above may not apply. The portfolio manager and/or broker(s) will provide us with the applicable transaction brokerage to be applied to your account. For information on what additional transaction brokerage may apply, speak to your adviser.

² Portfolio Managers may choose to trade Australian listed securities within a managed portfolio outside our aggregated trading service, using HUB24 and/or our default brokers for such trading services (as agreed by the Administrator from time to time). This only applies where the Administrator has an arrangement in place with the Portfolio Manager and/or the broker. In this case, bespoke trading services will be provided and will incur a brokerage fee of up to 0.33% of the trade value. For information on what additional transaction brokerage may apply, speak to your adviser.

³ Trading on certain international exchanges may incur additional costs (for example local stamp duties or commissions) which are deducted from your cash account at the time they arise. A foreign currency conversion fee may also apply to trades in international listed securities. At the date of

preparation of this PDS, this fee is nil however this may change. Any change to the foreign currency conversion fee may be published in Investment Booklets available in InvestorHUB. Refer to 'International listed securities' below and to the Investment Booklets, which are available online at hub24.com.au/product-documents/hub24-super-documents, for more information about additional costs that may apply.

- 4 Excludes those trades within a managed portfolio.
- 5 Transacting in certain Australian listed securities may incur additional costs (for example, stamp duties or commissions) which will generally be deducted from your account at the time they are incurred. Refer to 'Australian listed securities' below for more information.
- 6 Your adviser and/or their licensee may choose to trade Australian listed securities outside our aggregated trading service, using HUB24 and/or our default brokers for such trading services (as agreed by the Administrator from time to time). This only applies where the Administrator has an arrangement in place with your adviser, their licensee and/or the broker. In this case, bespoke trading services will be provided and will incur a brokerage fee of up to 0.33% of the trade value. For information on what additional transaction brokerage may apply, speak to your adviser.
- 7 Your adviser and/or their licensee may choose to trade Australian listed securities using a broker other than our default broker(s) (as agreed by the Administrator from time to time). This only applies where the Administrator has an arrangement in place with the relevant broker. In this case, you or your adviser may agree on the applicable brokerage fee for transacting in Australian listed securities. If you utilise these separate trading services, the maximum fees in the table above may not apply. The broker(s) will provide us with the applicable transaction brokerage to be applied to your account. For information on what additional transaction brokerage may apply, speak to your adviser.
- 8 This fee shown is inclusive of GST only. It reflects the actual amount payable by you. If eligible, the Trustee will claim the benefit of Reduced Input Tax Credits (RITCs) on behalf of the Fund.
- 9 The fee for corporate actions will apply when you participate in corporate actions through the Fund that require settlement from your cash account. Corporate actions include, but are not limited to, initial public offerings, rights issues, share purchase plans, exercising of options, buy backs and takeovers.
- 10 The break fees or costs or interest penalties (if any) that may be charged by the underlying term deposit provider may be significant and therefore are a risk to be considered in deciding whether to withdraw a term deposit before its maturity. The underlying term deposit provider may provide an estimate of break fees or costs or interest penalties upon request. Refer to the relevant term deposit disclosure document for more information.

The Administrator will collect all activity fees and pay service providers out of the fees that it collects. A proportion of the activity fees set out above will typically be retained by the Administrator. As a general rule, the amount retained by the Administrator is the difference between the amount charged by the relevant service provider and the amount of the applicable activity fee.

Note: any stamp duty or other government charge applicable to an investment transaction on your account, will be charged directly to your cash account.

AUSTRALIAN LISTED SECURITIES

Brokerage is associated with buying and selling Australian listed securities that are accessible through the Fund. In addition, trading certain Australian listed securities may incur additional charges (for example stamp duties, taxes, or fees) which we will pass on to you and which are generally deducted from your cash account at the time they are incurred. These amounts are an additional cost to the investor.

INTERNATIONAL LISTED SECURITIES

Brokerage will be incurred on buying and selling international listed securities that are accessible through the Fund. In addition, trading on certain international exchanges may incur additional charges (for example local stamp duties, taxes, or fees) which we will pass on to you and which are generally deducted from your cash account at the time they are incurred. These amounts are an additional cost to the investor.

International listed securities transaction related fees are included in the relevant Investment Booklet available on InvestorHUB and updated from time to time. As at the date of preparation of this PDS, these transaction related fees were up to 0.50%. For the latest international listed securities transaction related fees, refer to the 'Important information for potential investors in international listed securities' within the Investment Booklet available in InvestorHUB.

TAX

Unless otherwise stated all the fees and costs shown in this Part II of the PDS are expressed as inclusive of the GST and net of any RITCs.

In the event of any change in tax laws or their interpretation which affects the rate of GST payable or RITCs that the Fund may receive, the amounts deducted from your cash account in respect of the fees and other costs applied to your account may be varied or adjusted to reflect such changes without your consent or further notice to you.

To the extent that Fund expenses are tax deductible (which include administration, transaction and adviser fees, as well as the insurance costs on your account), the benefits of any tax deduction will be passed on to members' personal super accounts or transition to

retirement account, as applicable, during the Fund's annual tax process. If a member has incurred a taxation liability (which include contributions, interest, dividends, distributions, or other income) on their personal super account or transition to retirement account, as applicable, the Fund undertakes an annual tax settlement process where the benefit of any tax credits not previously applied are done so for members of the Fund. The Fund's annual tax process will pass on the net impact of any tax credits or liabilities after settlement as relevant for each member account, through the member's cash account.

When your account moves from an accumulation phase to a pension phase or you roll over the balance of your account to another superannuation fund, we will calculate the taxation liabilities prior to closing your account. The impact of tax deductions is not reflected in the fees and

cost amounts shown in this section of the PDS. As investment earnings in retirement phase account-based pension accounts are tax free, tax deductions in relation to these expenses do not apply to retirement phase account-based pension accounts.

Refer to Section 6 'How super is taxed' in Part I of the PDS and Section 2 'How Super is taxed' in the AIB.

ADMINISTRATION FEES AND COSTS

Tiered percentage-based administration fee and account keeping fee: Choice Menu

The tiered percentage-based administration fee and account keeping fee are amounts paid to the Administrator. The Administrator pays a portion of the tiered-percentage based administration fee to the Trustee as remuneration for its services.

Please note that the fees paid to the Trustee are included in the administration fee and are not additional fees to you.

Family group fee discount

Family Groups (you and relevant members of your family) may be eligible for a fee discount in respect of the tiered percentage fee component of the Administration fee for the Choice Menu (shown in the table on page 4 of the Part II of the PDS) where each member of the Family Group has the same adviser.

This discount is achieved by linking the accounts of the Family Group and then applying the relevant tiered percentage Administration fee to the combined value of those accounts in the Choice Menu. Combining the value of the Family Group accounts can (but won't always) result in a lower overall Administration fee. Any lower Administration fee is applied proportionately to each Family Group account.

If there are a combination of ClearView WealthSolutions2 Investment Service and ClearView WealthSolutions2 Super and Retirement account(s) in the Choice Menu within the Family Group, then the relevant tiered percentage Administration fee is calculated as if all accounts were in ClearView WealthSolutions2 Investment Service and then a similar calculation is carried out as if all accounts were in ClearView WealthSolutions2 Super and Retirement.

The Administration fee is then applied proportionately based on the aggregate holdings in ClearView WealthSolutions2 Investment Service and ClearView WealthSolutions2 Super and Retirement, and then

proportionately to each ClearView WealthSolutions2 Investment Service and ClearView WealthSolutions2 Super and Retirement Family Group account.

Each eligible Family Group account will still be subject to the account keeping fee (if applicable) and to any minimum and maximum Administration fee shown in the table on page 4 of the Part II of the PDS.

A Family Group can be set up through your adviser by completing a 'Group Fee Discounting' form and nominating the accounts to be combined into a Family Group for the purpose of calculating the Administration fees. Please speak to your adviser about setting up a Family Group.

In order to be eligible for a Family Group fee discount, there must be a minimum of two linked accounts and all accounts within the Family Group must have the same adviser and one of the following relationships to the primary account holder:

- immediate family members, such as spouse, defacto/ domestic partner, child (including an adopted child, a stepchild or ex-nuptial child), parent, sibling and grandchild;
- for companies, family trusts, and self-managed superannuation funds – the directors and beneficiaries must be members of the same immediate family as described in the dot point above.

All accounts held in the name of the primary account holder may also be included in the Family Group.

A Family Group includes those accounts invested in the Choice Menu and can comprise a maximum number of six (6) accounts, unless otherwise approved by us.

The Administrator may, at its discretion, reject a request to establish a Family Group or cancel the linking of Family Group accounts. For example, because you are no longer part of the relevant Family Group. Also, where you or any other member of a Family Group changes adviser, you or they will cease to be eligible for the Family Group discount that applies to that Family Group. In this case, the Administration fees will immediately revert to the standard fees shown in the table on page 4 of this Part II of the PDS. You may wish to speak with your new adviser about whether a new Family Group can be established.

The Family Group fee discount may not apply for Family Group accounts with a combined account balance of more than \$5m, but may be individually negotiated based on the nature of your investments. In this case, please speak with your adviser.

Cash management fee

The cash management fee is up to 1.75% p.a. and applies to your cash account balance and may vary from time to time. The cash management fee is equal to the amount of interest received from the Australian banks or other authorised deposit-taking institutions ('ADIs') in which the cash held in your cash account is deposited, less the amount of interest we aim to credit to your cash account calculated using the target interest rate.

The target interest rate varies from time to time and is determined based on a number of factors, which may include, the cash rate target as set by the Reserve Bank of Australia and the rates of interest paid by each ADI (which may be different). The target interest rate is calculated daily and reviewed periodically from time to time.

More information (including the latest target rate of interest) can be found on InvestorHUB (for cash in Australian dollars), by contacting the Client Services team on 1300 854 994 or by contacting your adviser.

Foreign currency fee

The foreign currency fee is up to 1.75% p.a. and will apply to the Australian dollar value of any foreign currency holdings in your account. If the amount of the fee is greater than the amount of foreign currency interest received, the fee will be reduced, so that it does not cause foreign currency interest to become negative.

This fee is calculated daily and payable monthly in arrears from any interest received in relation to the foreign currency.

Expense recovery

The expense recovery fee is calculated based on the daily weighted average of your total account balance during the preceding quarter and deducted from your cash account quarterly in arrears following the end of each quarter.

3% cap on certain fees and costs charged on low balance accounts

We are required to place an annual cap of 3% of your account balance on certain fees and costs charged to your account, if your account balance is less than \$6,000 at the end of the financial year or at the time you exit your account. The fees and costs that this cap applies to include the following (if applicable to the Fund):

- Administration fees and costs,
- Investment fees, and
- Indirect costs which relation to the administration of the Fund or investment of the assets of the Fund.

If you have incurred applicable fees and costs in excess of the 3% cap and your account balance is less than \$6,000, we will refund the fees and costs charged in excess of the 3% cap into your cash account within 3 months after the end of the financial year.

If you decide to exit your account part way through a financial year, your withdrawal amount is less than \$6,000 and you have incurred fees and costs in excess of the 3% cap (on a prorated basis), we will refund the fees and costs charged in excess of the 3% cap into your cash account prior to you exiting the Fund.

FEES WHEN YOU INVEST IN A MANAGED PORTFOLIO

The type of fees you pay for investing in managed portfolios will be set out in the product disclosure statement for the relevant managed portfolio. Managed portfolios may charge an investment management fee (including, if applicable, an investment performance fee).

Typically, fees when you invest in a managed portfolio are in addition to any costs of managed funds, Exchange Traded Funds ('ETFs'), Exchange Traded Products ('ETPs') or Listed Investment Companies ('LICs') held within a managed portfolio. Refer to the disclosure document for the relevant investment for a description of the fees and costs applicable to that investment.

The specific fees and costs (including who it is payable to) for each managed portfolio are available in the product disclosure statement for the relevant managed portfolio, and can be obtained from the product website shown on the front cover or your adviser.

Managed portfolio related fees and costs

Investment management and performance fees may be charged in relation to the managed portfolios forming part of your investment strategy. Where you invest in a managed portfolio you agree that these fees are to be deducted from your HUB24 Super cash account monthly in arrears rather than from the relevant non-unitised and registered managed investment scheme where such managed portfolios are available ('Scheme').

Where amounts are owed to a Scheme or a Responsible Entity ('RE') of a Scheme (for example because your investment in a managed portfolio has gone into negative balance) you also authorise (when you invest in a managed portfolio) the RE to obtain payment of that amount from your HUB24 Super cash account as an alternative to obtaining payment from the applicable Scheme, and you agree that the Administrator and the Trustee may make such a payment to the RE. If payment from your cash account is not possible, these amounts may be paid from the relevant Scheme.

All other fees and costs (such as government fees, bank fees, fees for failed transactions and penalty interest) incurred as a result of a transaction, deposit or withdrawal relating to your investment in a managed portfolio, will be passed on to you and may be payable out of the cash allocation of the relevant managed portfolio. These are incidental fees and costs that are not included in the management fees and costs, performance fees or transaction costs outlined in the relevant managed portfolio product disclosure statement.

Any applicable managed portfolio investment performance fees paid to the portfolio manager are calculated based on the performance of the standard managed portfolio which may differ to your actual investment performance due to the factors described above. This means the actual dollar amounts you pay in investment performance fees may be higher or lower than if the calculation of the investment performance fees was based on the performance of your managed portfolio.

Your consent and authorisation of fees when you invest in a managed portfolio

Where you invest in a managed portfolio, you are taken to have instructed the Administrator to pay any fees in respect of the managed portfolio from your cash account to the RE, your adviser's licensee, investment manager, investment adviser or the portfolio manager (as applicable) for their services (including where those fees are payable to HUB24 as the applicable investment manager).

Where your adviser, their licensee or one of its related parties (referred to as 'related party') provides you with ongoing advice (or related services) in relation to a managed portfolio, you may be requested to provide your consent to the deduction and payment of fees from your cash account when you invest in a managed portfolio. If your consent to these fees is required and you don't provide it (or you revoke it) then you may not be allowed to invest into that managed portfolio or may be required to withdraw from that managed portfolio.

You can provide your consent as part of your application into the Fund, via written instructions or online. Where you have provided your consent, the payment of remuneration by you to your adviser or a related party will continue until you direct us to cease paying it.

The applicable fees are disclosed in the product disclosure statement for the relevant managed portfolio.

FEES AND COSTS RELATING TO UNDERLYING INVESTMENTS

Fees and costs may apply for underlying investments that you access through the Fund (including investments held as part of a managed portfolio), for example,

managed funds, Exchange Traded Funds (ETFs), Exchange Traded Products (ETPs), Listed Investment Companies (LICs).

These fees and costs are in addition to those shown in the 'Activity fees' table above. Refer to the disclosure document for the relevant investments (where applicable) for more information.

The fees and costs when you choose to invest in a managed fund, ETF, ETP, LIC (including when these investments are held as part of a managed portfolio) are typically deducted from the value of the investment before the unit price is calculated.

The Trustee or the Administrator is often able to obtain wholesale fund fee rates, which are generally lower than the fee rates applicable for direct investment into retail managed funds. A fund manager may provide a rebate of the fees and costs associated with your investment in a managed fund. Generally, these rebates are returned to you in full and will typically be paid into your cash account. Your entitlement to any rebate is determined by the fund manager, however, where you have closed your account prior to the processing of a rebate, you will not be entitled to that rebate.

The specific fees and costs for each underlying investment (including investments within managed portfolios) do not have to be shown in this document. More details are available in the relevant disclosure document for each underlying investment option and can be obtained from your adviser or from InvestorHUB. These fees and costs may be subject to change as determined by the relevant fund manager.

Performance fees may also be incurred in relation to the selected managed funds and other investments that can be accessed through the Fund and that form part of your investment strategy. These fees are charged by the relevant fund manager where certain performance targets are met. Performance fees are usually calculated as a percentage of any 'out-performance' above the relevant target.

Performance fees in respect of underlying investments may increase the management fees and costs applicable to managed funds that may be accessed through the Fund but do not affect investment fees and costs, administration fees and costs or other fees shown in the Fees and Costs Summary table in this PDS Part II.

Fees and costs in relation to underlying investments accessible through the Fund are in addition to the fees and costs described in this Part II of the PDS and are set out in the relevant product disclosure statement or disclosure documents (where relevant) for those investments. It is important that you consider these fees and discuss them with your adviser before making any investment decisions.

You do not have a statutory right to receive a periodic statement setting out the fees and costs attributable to the underlying investment, that are not charged to your cash account. However, the impact of fees and costs attributable to the underlying investment will be reflected in your account balance.

Buy/sell spreads (managed funds accessible through the Fund only)

The Trustee does not charge a fee in the form of buy/sell spreads to recover costs incurred by the Trustee in relation to the sale and purchase of assets of the Fund.

However, buy/sell spreads may apply to investments in managed funds that are accessible through the Fund, which reflect the different price between buying and selling units disclosed by some investment managers. The buy/sell spreads for managed funds vary.

This difference is a charge by the investment manager generally to cover transaction costs incurred by the managed fund in buying and selling units in the investment product and is taken into account in the calculation of unit prices by the managed fund. Buy/sell spreads are an additional cost to the investor. You should refer to the relevant managed fund product disclosure statement available from InvestorHUB or your adviser for more information.

Netting in relation to managed fund investments accessible through the Fund

When carrying out a managed fund transaction, the Administrator may offset your instructions to buy or sell assets against both your and other members' instructions to buy or sell those assets, so that only net transactions are acted on. This process is known as 'netting'.

The Administrator may retain any benefit that may be secured from the netting of managed fund transactions. These may include the fees and costs that would have applied had the transaction been processed without netting.

INSURANCE FEES AND COSTS

If you take out insurance through the Fund, the costs associated with the insurance policy will be deducted directly from your cash account on a monthly basis (or other agreed basis in the case of individual policies).

The cost of your insurance cover may depend on:

- your age, gender, smoking status and occupational classification;
- the type of cover and benefits you have chosen; and
- the Benefit Period and Waiting Period selected, if you have income protection cover.

Loadings (additional costs) may apply to you depending on your personal circumstances. You will be advised of any loadings by the Insurer at the time of application.

For group life cover, the insurance cost includes an insurance administration fee ('IAF') of 14.243% of the total insurance cost. Any insurance costs may be adjusted for any changes to your cover during a financial year. The IAF is inclusive of GST net of RITC.

EXAMPLE OF IAF

This table gives an example of how the insurance costs are calculated based on death and TPD Cover.

Worked example of how your insurance costs are calculated – for illustrative purposes only

Insurance costs	= Insurance premium paid to the Insurer	+ Insurance administration fee ¹ paid to the Administrator	= Insurance costs deducted from the monthly cash account
Insurance costs	= \$112	+ \$18.60	= \$130.60

¹The IAF includes the benefit of RITC however the insurance premiums are not eligible to receive a RITC, therefore your total insurance cost will include RITC amounts for the IAF portion only. The IAF (of 14.243%) is calculated as a percentage share of the insurance costs, therefore, it is calculated using the following formula: IAF = [IAF rate / (1-IAF rate)] * Insurance premium.

Where other government charges such as stamp duty apply, we will charge your account directly. For example, stamp duty may apply to insurance premiums for income protection cover.

For more information on the cost of insurance cover, refer to Section 4 in the Insurance Guide.

THE FEES YOU PAY FOR ADVICE AND OTHER RELATED SERVICES PROVIDED TO YOU

You can agree with your adviser to pay the fees described in the following table to your adviser or to the holder of the Australian Financial Services Licence (AFSL) your adviser operates under.

Where you do agree with your adviser to pay the fee(s) from your superannuation or pension account within the Fund, the fee must be:

- consented to by you in writing or online,
- for advice and related services provided only to you,
- for advice and related services in relation to your superannuation and/or pension account within the Fund, and
- of a reasonable amount for the advice and related services provided to you.

Your total account balance, for the purpose of calculating percentage based fees, includes all your investments within your Super account. Where applicable, the actual amounts that will be deducted from your cash account may be adjusted for RITCs that may be claimed in respect of these fees and may therefore be less than the amounts you specify on the relevant form.

The Trustee, at its discretion, may limit, reduce, or reject the fee amount and may also seek clarification from you and your adviser on the services being provided (refer to Part 1 of the PDS, Section 9: Other Important Information, under 'Trustee and Administrator Discretion' for more information).

Type of fee or cost	Amount	How and when paid
Advice implementation fee (initial and ongoing)	<p>You may agree with your adviser to pay an initial advice implementation fee, an ongoing advice implementation fee or a combination of the two. This fee can be for advice and other related services provided to you in relation to the implementation of your account(s) in the Fund. The amount payable is agreed between you and your adviser.</p> <p>The advice implementation fee may be specified as a percentage and/or dollar-based fee. The initial advice implementation fee (including zero amounts or where a fee is not specified) will apply to all deposits (excluding employer contributions, salary sacrifice and government co-contributions) received within 60 days of your account being activated unless otherwise instructed.</p> <p>The ongoing advice implementation fee will apply to all deposits received (including rollovers) from the start date specified on the application form. If you do not specify a start date on the application form, then the default date is 60 days after your account is activated. For the purposes of the advice implementation fee, deposits may include cash contributions, in specie transfers, as well as amounts rolled into the Fund or amounts transferred from a personal super account to a pension account.</p>	<p>The advice implementation fee is deducted from your cash account when the deposit is received, and paid to your adviser or your adviser's licensee at the end of that month.</p>
Adviser service fee	<p>You may agree with your adviser to pay an adviser service fee for advice and other related services provided to you in relation to your account(s) in the Fund. The amount payable is agreed between you and your adviser.</p> <p>An Adviser service fee may be specified as one of the following:</p> <ol style="list-style-type: none"> Fixed % amount p.a. Tiered % amount p.a. Fixed \$ amount p.a. Combination of fixed % or tiered % p.a., and fixed \$ amount p.a. 	<p>The adviser service fee can be an ongoing fee or a fixed term fee of up to 12 months and is calculated daily on your total account balance (unless otherwise agreed with your adviser) and paid to your adviser or your adviser's licensee from your cash account monthly in arrears.</p>

Type of fee or cost	Amount	How and when paid
	Where you specify a fixed \$ amount p.a. you may agree with your adviser to automatically index this fee in line with the annual change in Consumer Price Index ('CPI') or a fixed percentage (up to 5% p.a.) on a specified month each year.	
One-off advice fee	You may agree with your adviser to pay a one-off advice fee for advice and other related services provided to you in relation to your account(s) in the Fund. The one-off advice fee is a dollar-based fee. The amount payable is agreed between you and your adviser.	The one-off advice fee is deducted from your cash account at the time a request for deduction of the fee is processed and paid to your adviser or your adviser's licensee at the end of that month.
Adviser brokerage	Where allowed under the law, brokerage can be charged by your adviser when you invest into Australian and international listed securities. The amount payable is agreed between you and your adviser.	Adviser brokerage can be an ongoing fee or a fixed term fee of up to 12 months. Adviser brokerage is deducted from your cash account at the time of settlement as part of the trade cost and paid to your adviser or your adviser's licensee at month end.
Portfolio management fee	<p>You may agree with your adviser or MDA service provider to pay a portfolio management fee for:</p> <ul style="list-style-type: none"> • advice and other related services such as advice on investment selection, investment monitoring and advice, set-up and maintenance of your investments and ongoing advice on your investment strategy in relation to the Fund, and/or • the MDA service issued to you. Refer to your MDA Investor Agreement and/or MDA Facility Booklet for information on the fee amounts applicable. <p>The amount payable is agreed between you and your adviser or, where applicable, your MDA service provider. The portfolio management fee may be specified as one of the following:</p> <ol style="list-style-type: none"> Fixed % amount p.a. Tiered % amount p.a. Fixed \$ amount p.a. Combination of fixed % or tiered % p.a. and fixed \$ amount p.a. 	<p>The portfolio management fee can be an ongoing fee or a fixed term fee of up to 12 months and is calculated daily on your total account balance (except where the fee relates to the MDA service issued to you) and paid to your adviser or your adviser's licensee from your cash account monthly in arrears. Where you have agreed a % based fee it will be calculated daily as a percentage of the total value of the investments you hold within your account.</p> <p>If the % fee relates to the MDA service issued to you then this fee is calculated daily as a percentage of the total value of the investments you hold within the MDA service and is paid to your adviser or your adviser's licensee from your cash account monthly in arrears.</p>

The Statement of Advice (SOA) from your adviser should provide details of any fees for their advisory services.

If you have any questions about the advice fees or services received for these fees, your adviser is best placed to assist you with these. You can also view how much you are paying in adviser fees on the regular statements we send you or you can contact us or your financial adviser directly.

Ongoing adviser service fee consent requirements

Your consent to deduct any fees payable on an ongoing basis to your adviser must be renewed annually through your adviser. If you do not renew your consent, these fees will cease to be deducted from your account and you may no longer receive advice, support or information from your adviser.

You can also enter into fixed-term fee arrangements with your adviser and provide your consent to deduct fees for a period of up to 12 months.

You can vary or revoke your consent in writing at any time, either through your adviser or by contacting us directly. Should you wish to revoke your consent to the deduction of any fees, please contact us and/or your adviser to terminate the fee arrangement. Note this will prevent any further deduction of advice fees from your account after the consent has been revoked but does not reverse any fees paid before revocation.

EXCHANGE RATES GAINS/LOSSES

Exchange rates used for the purpose of converting trades, income receipts and other transactions will be advised to us by our sub-custodians and/or brokers (as applicable) and transactions will be reported in the equivalent Australian dollar amounts using these rates. The taxation treatment of any foreign exchange gains or losses that may arise as a result of this conversion will generally be folded into the taxation treatment of the transactions themselves. That is, for example, if a transaction gives rise to a capital gain assessable under the capital gains tax rules, any part of the gain that may be attributable to foreign exchange movements will be assessed as a capital gain and will not need to be reported separately. Similarly, foreign exchange gains or losses which result from conversion of ordinary income will be part of the ordinary income (if gains) or offset against it (if losses). When there are exceptions to these rules that may apply due to particular circumstances, we will inform your adviser

Outsourced service payments

HUB24 has agreements with ClearView Financial Management Limited ABN 99 067 544 549 (CFML) for the provision of services in respect of the product, including product promotion services, product design, market research and training services.

Where permitted by law, HUB24 (in its capacity as the Administrator of the product) may enter into agreements with CFML to remunerate them for their costs and reimburse their related costs.

Please note that the fees paid to CFML are paid from HUB24's own resources and are not additional fees to you.

ALTERNATIVE FORMS OF REMUNERATION

From time to time, the Administrator may receive direct or indirect benefits from providers of some of the financial products or other services that are available through the Fund. The Administrator may also be entitled to remuneration from financial institutions (including banks, fund managers, investment managers and insurers) that provide certain services to members in the Fund. You can ask for details of any alternative forms of remuneration that may be received by contacting the Administrator. Any alternative forms of remuneration

are recorded in a register. The register outlines all alternative forms of remuneration received and is available on request.

FUND MANAGER SERVICE FEES

Where permitted by law, the Administrator may receive the following payments from responsible entities whose managed funds are available through the Fund:

- Service fees of up to \$30,000 p.a. per responsible entity, plus
- Up to \$10,000 p.a. per managed fund available through the Fund.

The amount of these payments may increase from time to time and may be subject to indexation.

These service fees relate to the services that the Administrator provides to fund managers for the review, maintenance and administration of the managed fund investment options available through the Fund.

Fund manager service fees are paid to the Administrator from the fund managers' own resources and are not an additional cost to you.

MANAGED PORTFOLIO SERVICE FEES

Where permitted by law, the Administrator may receive the following payments from the manager whose managed portfolios are available through the Fund:

- Service fees of up to \$10,000 p.a. per managed portfolio, plus
- up to 0.15% p.a. on the total amount of funds we have invested with each portfolio manager.

The amount of these payments may increase from time to time and may be subject to indexation.

These service fees relate to the services that the Administrator provides to portfolio managers for the establishment, ongoing monitoring, management and compliance of the managed portfolio investment options available through the Fund.

Portfolio manager service fees are paid to the Administrator from the portfolio managers' own resources and are not an additional cost to you.

Where permitted by law, the Administrator may also receive a payment of up to 5.5% from managers for facilitating initial public offers (IPOs) through the managed portfolios available through the Fund. This payment, where applicable, will be calculated based on the value of the total participation in the respective IPO,

and is payable by the product issuer or one or more of the managers or arrangers of the IPO; it will not be an additional cost to you.

MDA SERVICE PROVIDER FEES

Where permitted by law, the Administrator may receive the following payments from the MDA service provider for access to the MDA Facility available through the Fund:

- Service fees of up to \$10,000 p.a. per MDA investment, plus
- Up to 0.15% p.a. on the total amount of funds we have invested under each MDA investment.

The amount of these payments may increase from time to time and may be subject to indexation.

These service fees relate to the services that the Administrator provides to the MDA service provider when using the MDA Facility. Refer to 'Managed Discretionary Accounts (MDAs)' in Part 1 of the PDS for more information.

These MDA service provider fees are paid to the Administrator from the MDA service provider's own resources and are not an additional cost to you.

INSURANCE REMUNERATION (INDIVIDUAL INSURANCE)

Where permitted by law, the Administrator may receive remuneration from each premium payment made under your individual insurance policy for the provision of insurance administration services. This is not an additional cost to you.

INCREASES OR ALTERATIONS TO FEES AND OTHER COSTS

Under the Trust Deed, the Trustee has broad power to increase the rate or amount of existing fees and charges or impose additional fees. This can occur without your consent. No maximum limits on fees are specified in the Trust Deed.

If we decide to introduce any additional fees or increase existing fees and charges, we will give you no less than 30 days' advance written notice. Underlying investment fees or costs (including performance fees that may be payable in respect of an underlying investment and investments within managed portfolios) and buy/sell spreads may also change. Information about any changes may be contained in the product disclosure statement or other disclosure document for an underlying or

relevant investment available from time to time, and to the extent practicable, will also be notified by the Trustee where required by law.

The Trustee reserves the right to recover any expenses incurred by it or the Fund from Fund assets (including any reserves) as permitted under the Trust Deed. The Trustee may be indemnified from Fund assets in respect of any liabilities that may be met from Fund assets.

Refer to Part 1 of the PDS, Section 9: Other Important Information, under 'Trustee and Administrator Discretion' for more information.

ADVISER AND LICENSEE CHANGES

Fees and costs set out in the 'Fees and Costs Summary' table are generally not negotiable by you. However, your adviser or the holder of the AFSL (licensee) that your adviser operates under, may from time to time, negotiate the administration fees and costs that apply to your account. The nature and amount of any variation depends on the arrangement between the Administrator, your adviser and your adviser's licensee. Your adviser can provide you with further information about any such arrangement. Where you leave your adviser or your adviser leaves their licensee, the fees and other costs that apply may change and you may revert to the fees and other costs described in this Part II of the PDS. Notice of any such change will be given to you as required by law.
